IONIQ 9

Explore the IONIQ 9.

Built for comfort. Built to Belong.

Exterior Design.

Interior Design.

Convenience/Connectivity.

EV Performance.

Hyundai SmartSense.

Customising / Specifications.

EV Myth Buster.

What does comfort mean to you? For us it’s about having a space to belong wherever you go.

That’s why the IONIQ 9 combines outstanding spaciousness and premium comfort with excellent driving range and ultra-fast charging capability.

Discover your home away from home with superior roominess for up to seven people to connect and belong.

Car shown not to UK specification. Features are trim specific.

Built for comfort. Built to belong.

Car shown not to UK specification. Features are trim specific.

The sophistication of electric elegance.

Elegantly fusing cutting-edge design with innovative technology, the IONIQ 9's sleek 'aerosthetic' exterior reflects our commitment to blending aerodynamic innovation with sleek, futuristic styling.

Car shown not to UK specification. Features are trim specific.

The horizontal Daytime Running Lights perfectly capture the pixel graphics, harmonising with the low-mounted LED Small Cube Projection Headlamps to project a dynamic presence that emphasises IONIQ 9's wide stance and clean surfaces.

Parametric Pixels light design – a signature IONIQ family design element.

LED Daytime Running Lights with LED Small Cube Projection Headlamps.

21" turbine-style alloy wheels – exclusive to the Calligraphy trim.

DAY | NIGHT

Car shown not to UK specification. Features are trim specific.

Reminiscent of a boat tail, the rear continues the theme of pixel-fused seamlessness while the streamlined roofline and strong character line combine to give the silhouette a sleek, dynamic flair.

LED brake and indicator lamps.

Seamless aerodynamic design with a bold character line.

Signature IONIQ Parametric Pixels lighting connect the rear combination lamps and the high-mounted stop lamp for eye-catching visibility.

DAY | NIGHT

Car shown not to UK specification. Features are trim specific.

Aerodynamic design excellence.

In the EV era, air resistance is more important than any other performance, because low drag means high range. IONIQ 9 delivers an ultra-low drag coefficient of 0.27 Cd. Other optimisations include aerodynamic wheel designs, hidden antennas and a 3D-shaped underbody cover to smooth airflow.

Aerodynamically optimized roof with hidden antennas and openable panoramic sunroof.

Compact Digital Side Mirror.

Auto flush door handles.

Dual-motion active air flap system for improved aerodynamics and a sleeker appearance. (optional on Calligraphy trim)

Discover a space for belonging.

Car shown not to UK specification. Features are trim specific.

IONIQ 9's cabin is a sophisticated living space with a fine selection of materials and finishes that let you create the perfect oasis. The panoramic curved display, floating dashboard and ambient interior lighting enhance the futuristic atmosphere.

Car shown not to UK specification. Features are trim specific.

Elegantly minimalistic, the Panoramic Curved Display encompasses both the 12.3" digital cluster and 12.3" centre infotainment screen. The interactive steering wheel features four Parametric Pixel LED that do everything from welcoming you into the vehicle to displaying the drive mode and signalling the status of various vehicle systems.

Panoramic Curved Display for enhanced visibility and an elegant sense of luxury.

Heated leather steering wheel with Interactive Parametric Pixel LEDs.

Slim-line vents / Automatic dual zone air-conditioning.

Space that defies expectations.

Thanks to the largest wheelbase in the class and a full flat floor, you get more space to spread out or cozy up. Enjoy plenty of interior space and 3 rows of super-comfortable seating in versatile 6 and 7-seater variations.

2nd row Swiveling Seats let you create a lounge for face-to-face chats.

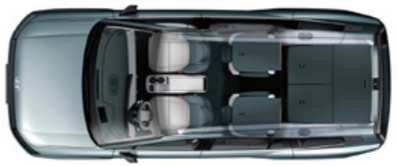
6-seater.

IONIQ 9 is available as a 7 or 6 seater. The 6 seater is equipped with Premium Relaxation seats in the 1st row and Swiveling Seats in the 2nd Row.

Standard

Swiveling Seats (2nd row)

Flat Folding (3rd row)



Full Flat Folding (2nd & 3rd row)

7-seater.

Here you see the 7-seater version with 1st row Premium Relaxation Seats and 2nd row bench seats which fold flat 60:40 for even more versatility. IONIQ 9 offers generous headroom and legroom in all three rows for more comfort and an exceptional experience on the road.

Standard

Flat Folding (3rd row)

6:4 Split Folding (2nd row)

Full Flat Folding (2nd & 3rd row)

Comfort in all three rows.

The IONIQ 9 has been created with superior roominess for you and those you belong with. The lounge-like atmosphere is a home away from home – offering a range of innovative seating and convenience features for exceptional comfort and flexibility.

2nd row Seats / 6-seater.

Easy access to 3rd row with tilting walk-in seat / 7-seater.

Sit back and relax with powered 3rd row seats that recline for maximum comfort – or fold flat when more cargo space is needed in the 6-seater.

Loads of versatile cargo capacity.

This stylish all-electric SUV boasts a versatile interior that can transform into any room you need. Designed to fit everything you and your busy life can throw at it, the super versatile IONIQ 9 gives you up to 2419 litres of cargo capacity when you fold both the 2nd and 3rd rows down flat.

From big suitcases and bulky boxes to kid's stuff and shopping sprees, you've got space for it all.

3rd row seats fold flat 50:50 split with folding headrests.

2nd and 3rd rows fold flat for optimal loading in 7-seater.

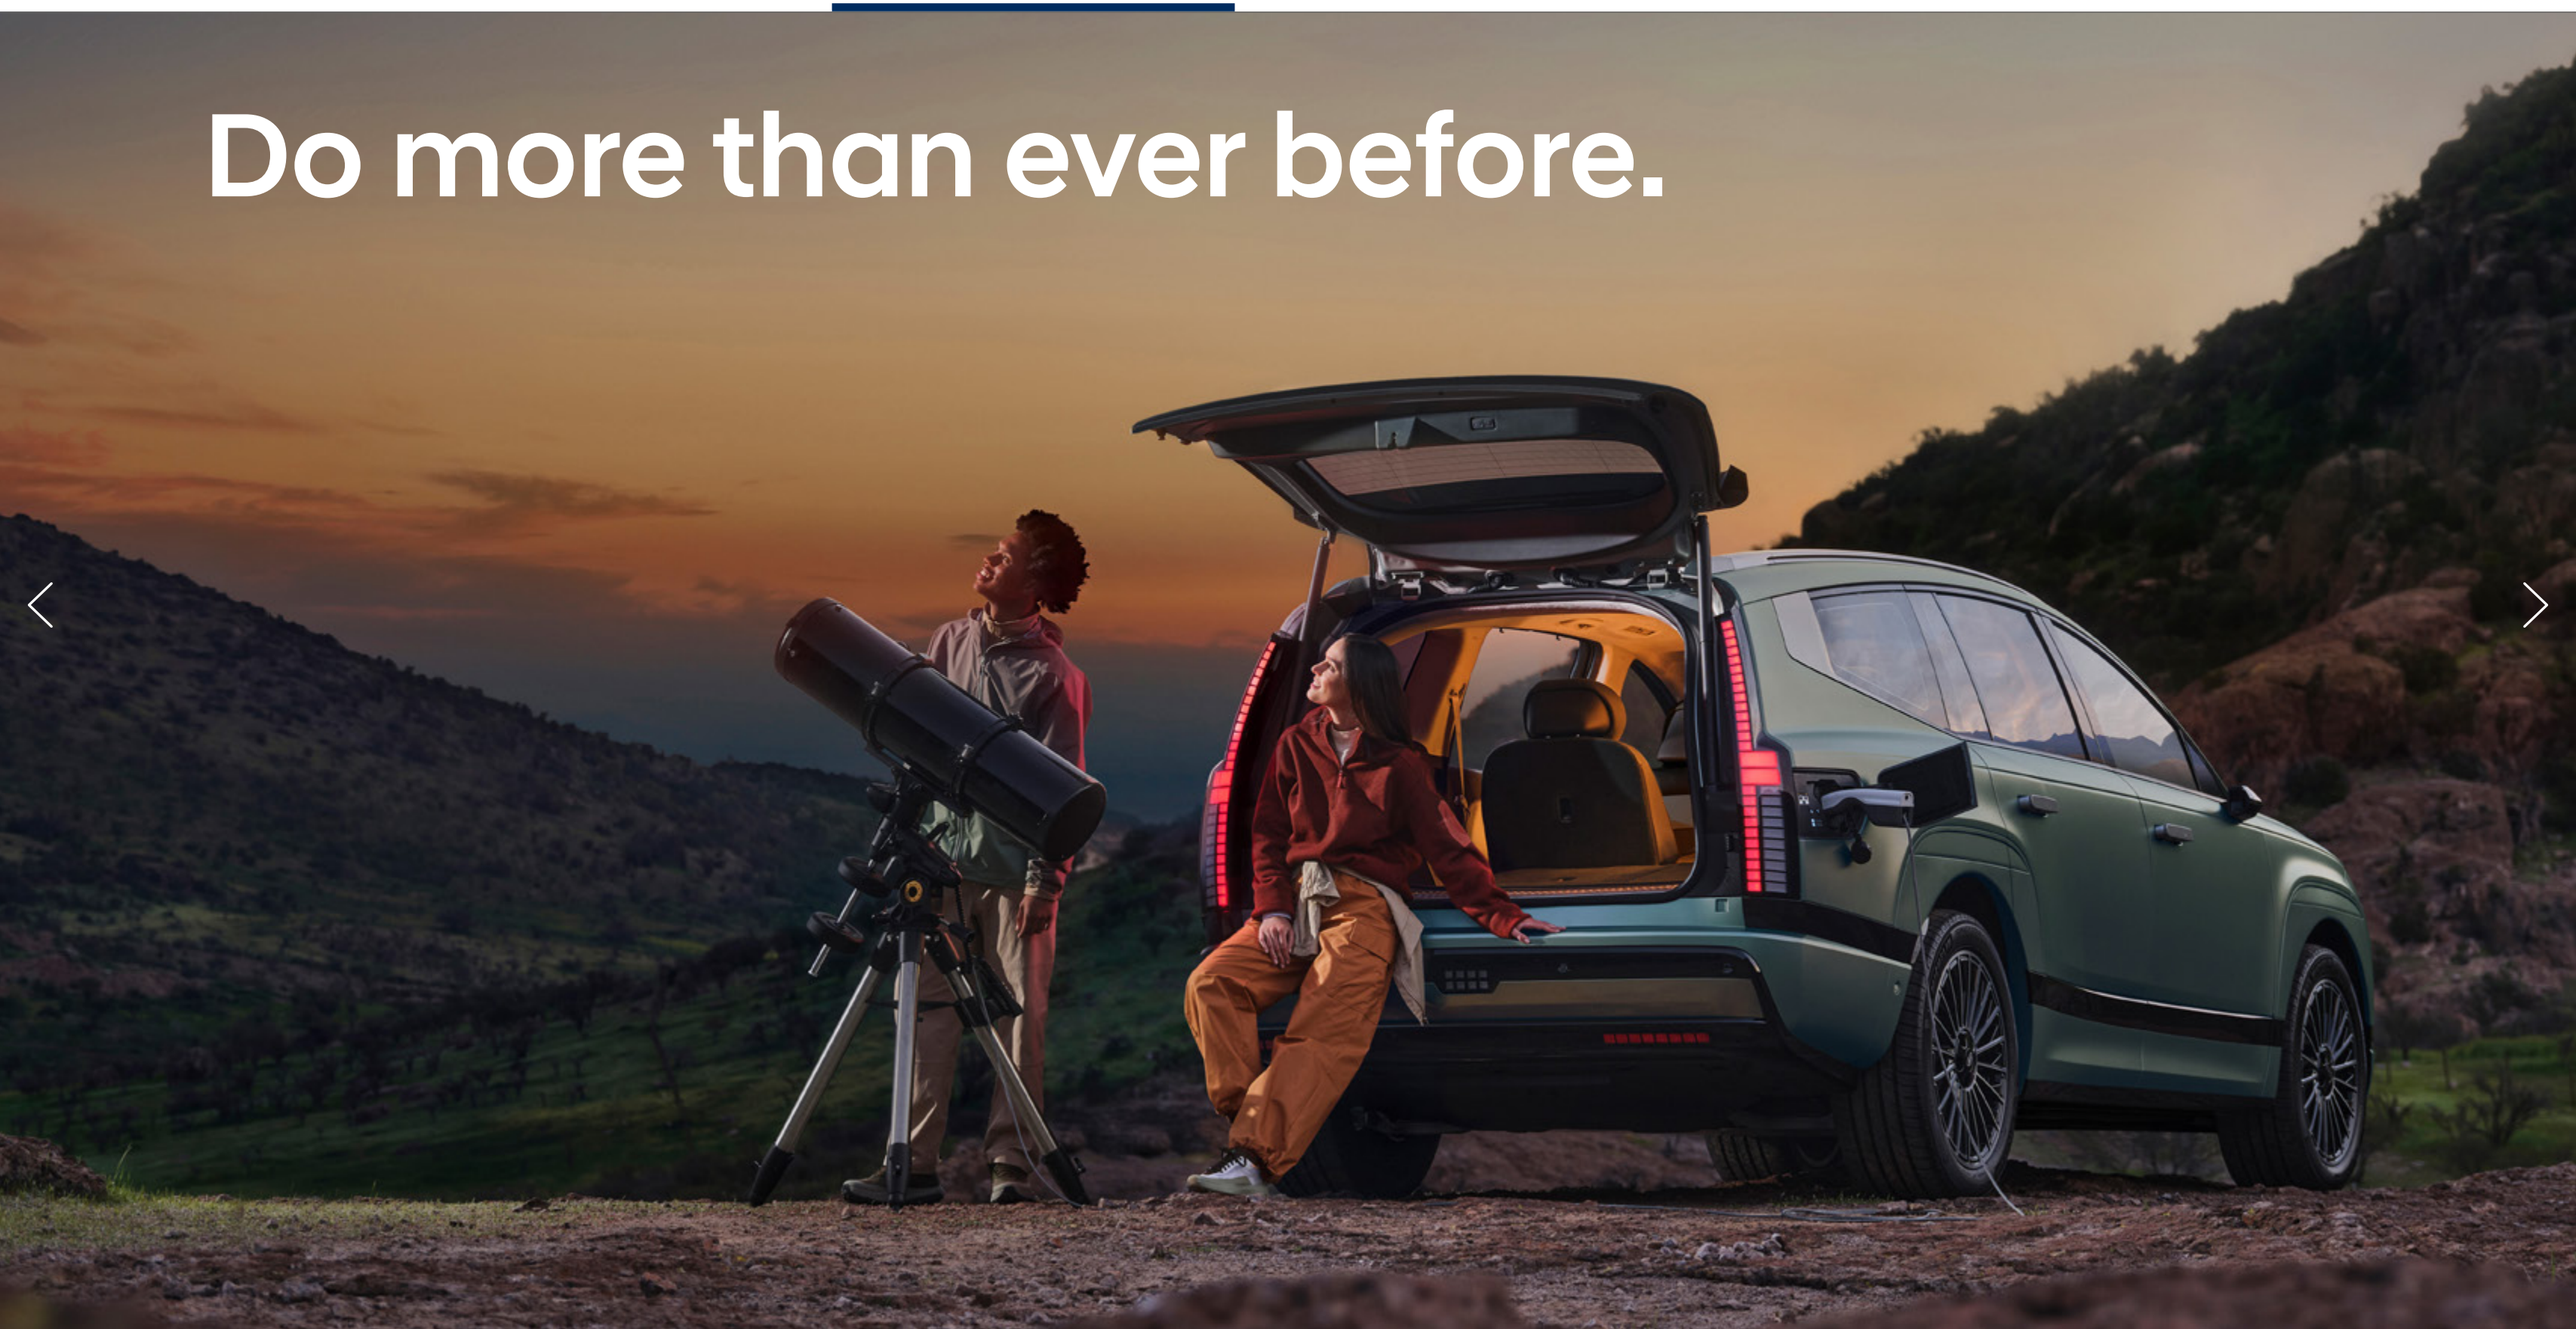
IONIQ 9 is perfect for getting away with friends and family. Even when all three rows of seats are up and in place – the roomy boot gives you an extra-large 338 litre cargo capacity, which easily fits four golf bags or three full-sized 25” suitcases and more.

Extra-large 338 litre boot cargo capacity behind the 3rd row seats.

The bonnet opens to reveal a practical cargo space in the front.

Pack it in and go. IONIQ 9 provides generous cargo capacity so you can load plenty of luggage and gear for your next get-away.

Do more than ever before.



Next level convenience and connectivity.

IONIQ 9 is equipped with a wealth of thoughtful innovations to make life easier. And its stellar range of intuitive smart tech lets you make life inside as connected as you want it to be.

Enjoy impressive storage and flexibility with the movable Universal Island 2.0. (6 Seat only) – the armrest opens from the front and rear for easy access from both rows.

Front cup holders and wireless charging pad.

UV-C steriliser for sanitising everyday items.

Multiple storage spaces, bottle holders in all four side doors, and the movable Universal Island 2.0 console are just some of the many storage features that make every journey a comfortable one.

Universal Island 2.0 console opened to front.

Rear sliding tray Universal Island 2.0 console. (6 seat only)

Enjoy the perfect temperature – for everyone on board – thanks to independent 2nd row automatic air-conditioning.

High-power USB-C.

Enjoy fast and powerful smartphone charging thanks to six 100-watt capable USB-C ports* distributed across all three rows.

Do more than ever before with a 230V power socket and a 100W high-output USB-C port* in the 3rd row.

*Requires 100W USB-C cable

100W high-output USB-C ports* in the 1st row.

100W high-output USB-C ports* in the 2nd row.

Digital mirrors for better visibility.

Enjoy clearer, wider-angle visibility in all kinds of weather with compact Digital Side Mirrors and a Digital Centre Mirror – these camera-based monitoring systems give you a better view of what's going on around you in traffic. The Head-up Display guides you safely through the world, projecting virtual information like directions or warnings directly onto your view of the road.

Door-mounted monitor of the Digital Side Mirror (DSM). (optional on Calligraphy trim)

Head-up Display (HUD).

When activated, the Digital Centre Mirror uses a rear-mounted camera to project a real-time video feed onto the mirror for a much wider field of vision.

Vehicle-to-Load technology.

Simply plug in your laptop or e-bike to charge them, just like at home. There's a 230V socket located in the boot as well as a converter that plugs into the exterior charging port, which provides up to 3.6 kW power to run any appliance – even when the vehicle is turned off.

Exterior Vehicle-to-Load allows you use or charge any electric devices, such as electric bicycles, scooters or camping equipment.

230V Vehicle-to-Load (V2L) socket in the boot.

Aerodynamic design excellence.

Created for quiet comfort, IONIQ 9's cabin is a haven of tranquillity. Triple door seals, double-laminated soundproof glass and noise reducing tyres combine with Active Noise Control-Road (ANC-R) technology to effectively suppress wind and road noise – particularly at highway speeds – to deliver luxurious levels of refinement on the move.

Premium 14-speaker BOSE sound system with Active Noise Control-Road technology.

Double-laminated soundproof glass.

Use your smartphone or Apple Watch to lock, unlock and start IONIQ 9.

Now you can leave your car key at home – because Hyundai Digital Key 2 is part of our innovative Bluelink® Connected Car Services.
For more convenience, IONIQ 9 can be locked, unlocked, and started via smartphones or Apple Watch. You can also easily share Hyundai Digital Key 2 with up to 15 additional smartphones, allowing your family and friends to enjoy access to the vehicle after saving it in their phone's wallet. When sharing your key, you can even customize the level of access each person receives, ensuring full control and peace of mind. +

Bluelink

Connected Car Services.

Bluelink® provides comprehensive connectivity from the Bluelink® App and the IONIQ 9's infotainment display with online voice recognition.

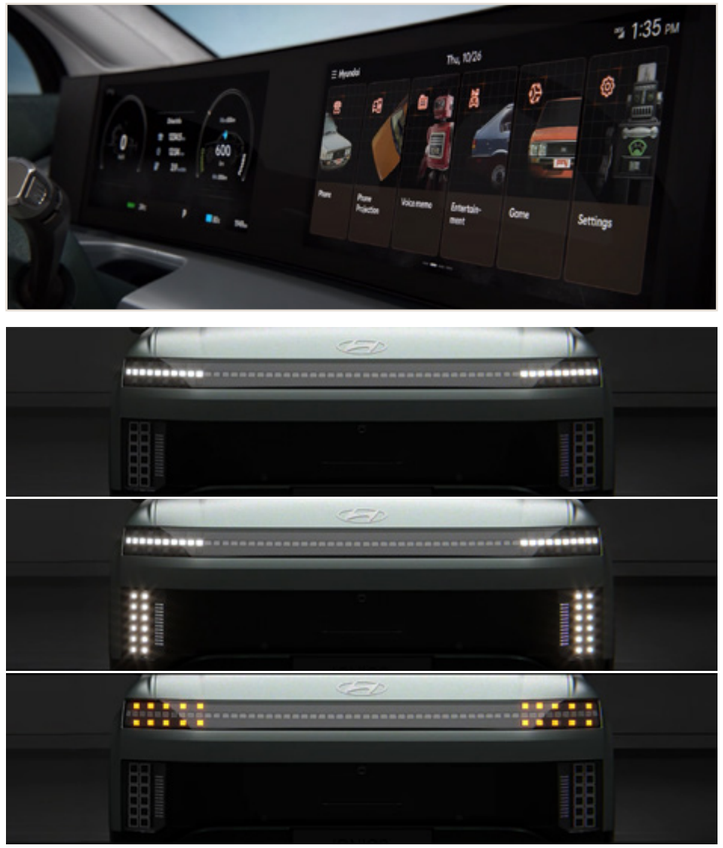
- Take advantage of Connected Routing and Live Services to plan each journey easily.
- Access music streaming and the latest weather updates.
- Enter the Bluelink® Store to choose from various Digital Features & Services.

The Bluelink® Store offers PRO, PLUS and LITE subscription levels, each with different functionality to suit your needs. You can also upgrade your IONIQ 9 at the Bluelink® Store with new Digital Features & Services. ++

Click and discover more.

Digital Features & Services.

With Digital Features & Services you can customize your vehicle based on your preferences.
Purchase Digital Features & Services from the Bluelink® Store such as: Display Themes to enhance your in-car experience, Lighting Patterns to make every departure and arrival eye-catching, and Virtual Gear Shift for a dynamic and engaging driving experience.



Display Themes and Lighting Patterns.

Virtual Gear Shift simulates gear changes for a truly immersive and engaging drive with the IONIQ 9.

EV route planner.

Enjoy the peace of mind of always knowing where your next charge is. Enter a destination and the navigation system automatically suggests charging points along the way. The EV Route Planner in your IONIQ 9 shows you real-time charging station information such as state of charge at arrival, connector types and charging station availability.

Wherever your journey takes you, real-time charging station information ensures that you always know where the next charging point on your route is.

Connected Routing for a seamless journey with your IONIQ 9 powered by Bluelink®.

Upgrade anytime, anywhere – software updates for IONIQ 9.

On top of vehicle software updates, IONIQ 9 also offers Over The Air Map & Infotainment system software updates. The latest enhancements now are available – you no longer have to visit the dealership to benefit from continuous performance updates and new features.

Over The Air vehicle software updates at the push of a button.

With software updates, your IONIQ 9 is always up-to-date.

Next level EV performance.

Enjoy ultra-fast charging and 385 miles range.

Go farther, faster with up to 385 miles driving range and only 24 minutes to charge from 10% to 80% at a 350 kW charger. [1, 2]

Click to see more details.

Pick your power.

IONIQ 9 is available in 3 powertrain variations: 2WD, AWD and Performance AWD – all of which are equipped with a high-capacity 110.3 kWh battery.

Click to see more details.

Terrain Mode.

From city streets to off-road paths, the Terrain Traction Control System automatically adapts to any surface for optimal performance. The AWD models feature a terrain mode that lets you choose from Snow, Sand, Mud settings for optimal handling in all conditions. IONIQ 9 also offers best-in-class towing capacity of 2500 kg with AWD variants.

Terrain Mode at your fingertips with Snow, Sand, Mud settings

IONIQ 9 delivers stable, confidence-inspiring handling, with light, yet precise steering and impressive grip and body control.

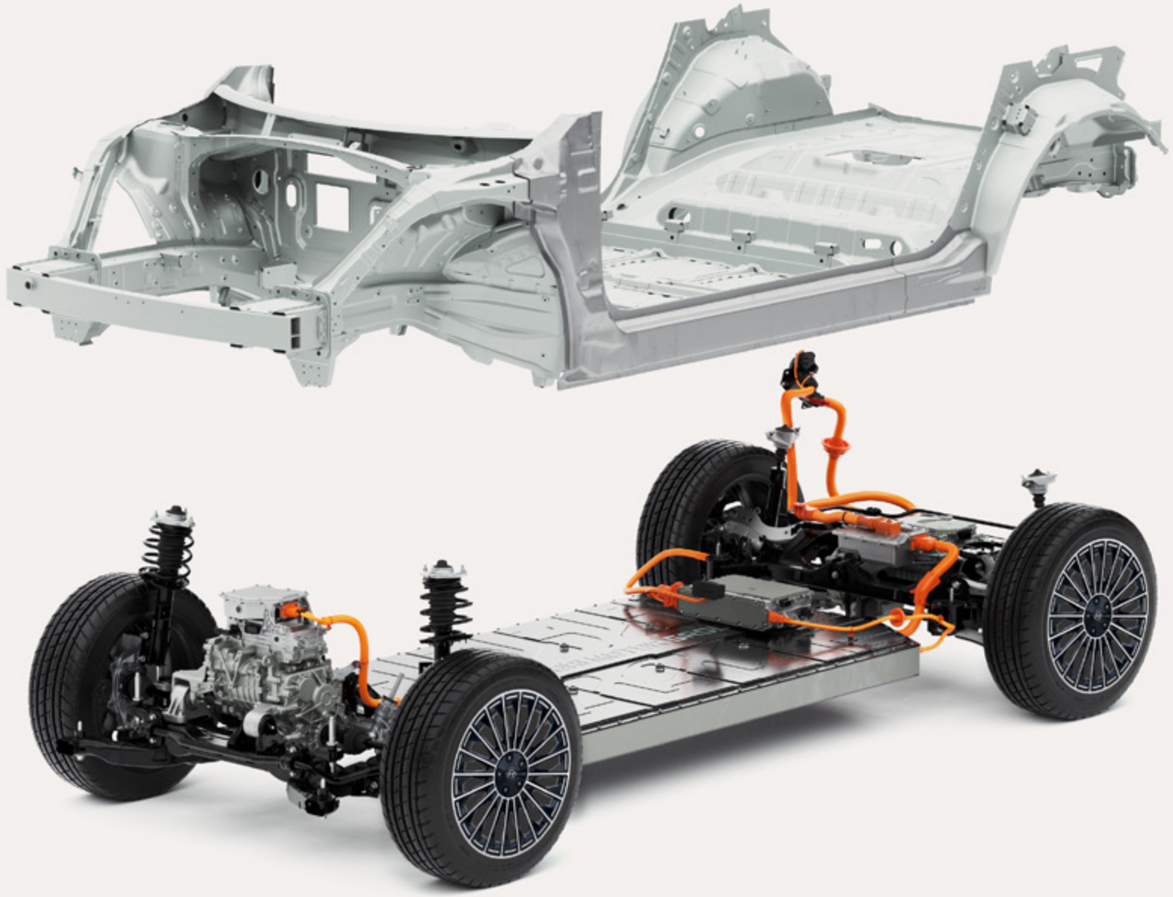
Smart regenerative braking for more range.

IONIQ 9's regenerative braking system charges the battery while driving by using the electric motor to slow the vehicle. You can control the level of energy that the system regenerates and stores in the battery with the steering wheel-mounted paddle shifters. The higher the level, the more the car slows and charges the battery when you take your foot off the accelerator. Additionally, the Smart Regenerative Braking System 3.0 automatically controls the level of regenerative braking to react to the vehicles ahead and can automatically bring the car to a full stop. A navigation-based function anticipates speed limits and turns as well as curves in the road ahead – automatically braking to optimise energy recovery and improve safety – and delivering a smoother, more stable ride for everyone on board.

Leading the charge into the electric era with E-GMP.

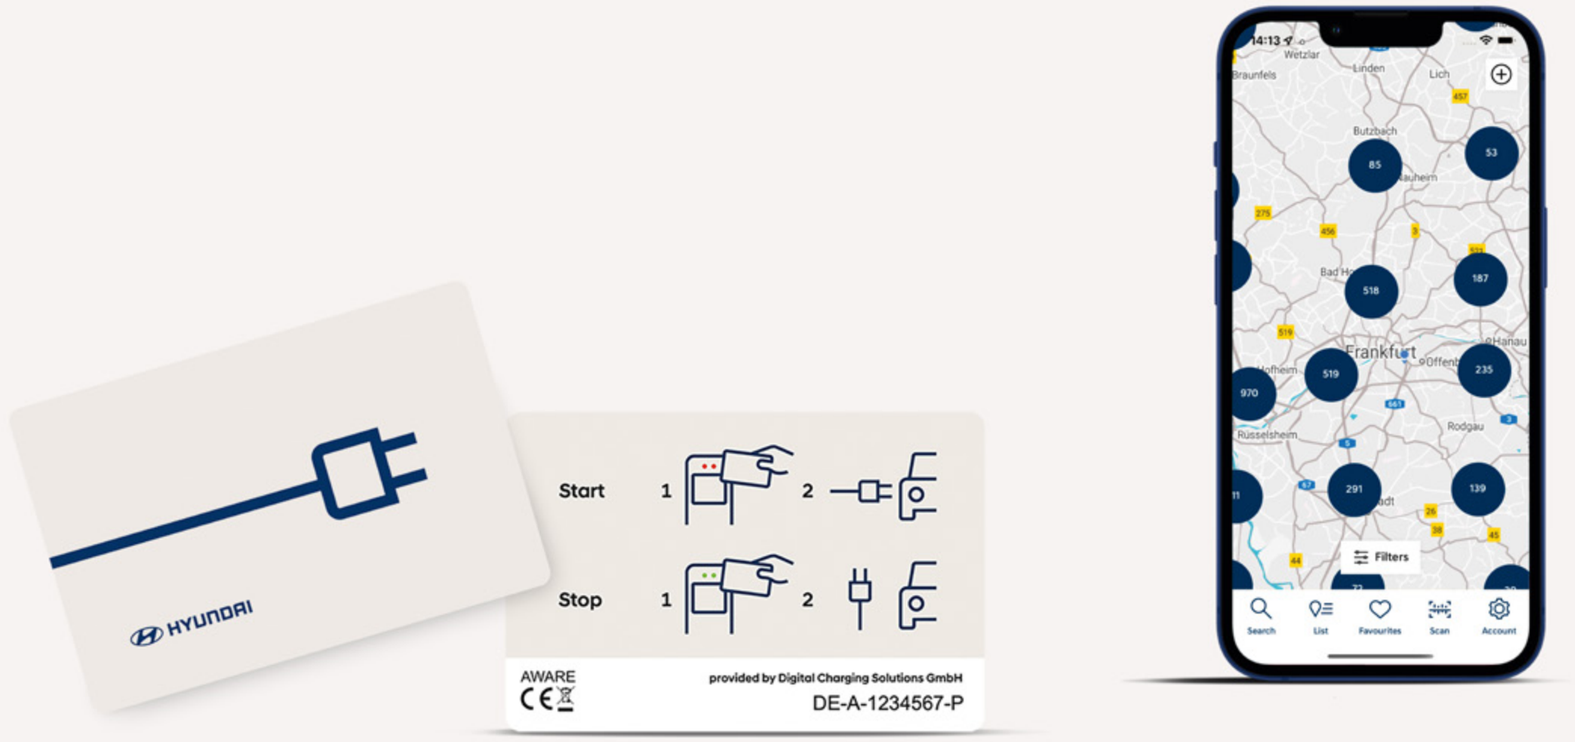
Click to see more details.

IONIQ 9 is built on our ground-breaking Electric Global Modular Platform (E-GMP). Created with proprietary technologies developed in-house by Hyundai, this innovative platform delivers what matters most to electric SUV drivers: exceptional range, faster charging and better handling. What's more, the flat floor maximizes interior space for both passengers and luggage. IONIQ 9's platform also delivers outstanding safety through its robust body structure, which is engineered for optimal collision protection.



Charge myHyundai.

Charging your electric vehicle has never been easier or more accessible. Welcome to Charge myHyundai: a comprehensive and easy-to-use public charging solution that gives you access to over 940,000 charge points in 28 European countries. Enjoy easy cross-border charging with one single contract through e-roaming. 1 App. 1 Card. 1 Invoice. That means no hassles thanks to a streamlined one-payment solution. And we offer several attractive tariff models to fit your needs. For more information, visit the Charge myHyundai website in your country: **www.chargemyhyundai.com**



Click and discover more.

IONITY high-power charging network.

IONITY makes long distance travel with electric vehicles the new normal – building and operating a high-power charging network along Europe's highways, using state-of-the-art technology with a charging capacity of up to 400 kW. You benefit from maximum charging speeds and short charging times while always being provided with 100% renewable energy for emission-free and carbon neutral driving. IONITY is part of Hyundai's pan-European public charging service, Charge myHyundai. For more information visit **www.chargemyhyundai.com**

Hyundai SmartSense

Hyundai SmartSense

Forward Collision-avoidance Assist 2 (FCA 2).

The system automatically brakes when it detects sudden braking by the car ahead or detects pedestrians or cyclists in your path. During cross intersection turning, it brakes if there is a risk of collision with an oncoming vehicle. The system also warns if the risk of collision with an oncoming vehicle is detected while changing lanes or from the opposite lane and automatically assists with braking and/or steering. ◊

Navigation-based Smart Cruise Control Curve (NSCC-C).

Utilizes IONIQ 9's state-of-the-art navigation system to anticipate upcoming curves or straights on highways and automatically adjusts your speed for safer driving. In a curved section, the speed is automatically reduced appropriately before entering the curve. Then, upon leaving the curved section, the speed is returned to the original setting. ◊

Hyundai SmartSense

Lane Following Assist 2 (LFA 2).

When activated, LFA2 provides slight steering inputs to keep the vehicle centred in its lane at speeds between 0 and 87 MPH (where permitted) on highways and city streets. The front view camera recognizes lanes to help with steering. If the lane is not recognized, the feature recognizes the vehicle ahead and helps with steering for a certain period of time. ◊

Lane Keeping Assist (LKA).

Helps keep you on the straight and narrow. LKA sends visual and audible alerts if you start drifting out of your lane without signalling and initiates subtle corrective steering assistance to steer you back. ◊

Hyundai SmartSense

Blind Spot Collision-avoidance Assist (BCA).

Using two radar sensors in the lower rear bumper, the system warns you of traffic in the blind spot area. Should you set the turn indicator in such a situation, it will sound an acoustic and visual alert. ◊

Parking Collision-Avoidance Assist-Reverse (PCA-R).

Enjoy additional safety when navigating narrow parking spaces in reverse gear. When a collision risk with pedestrians or obstacles is detected, the system warns you and automatically engages the brakes. ◊

Hyundai SmartSense

Remote Smart Parking Assist 2 (RSPA 2).

Tight parking spots made easy! At the touch of a button on the smart key, IONIQ 9 can remotely parallel park, diagonally park and perpendicularly park as well as back into and drive forward out of a parking spot by itself – with you standing outside of the car. ◊

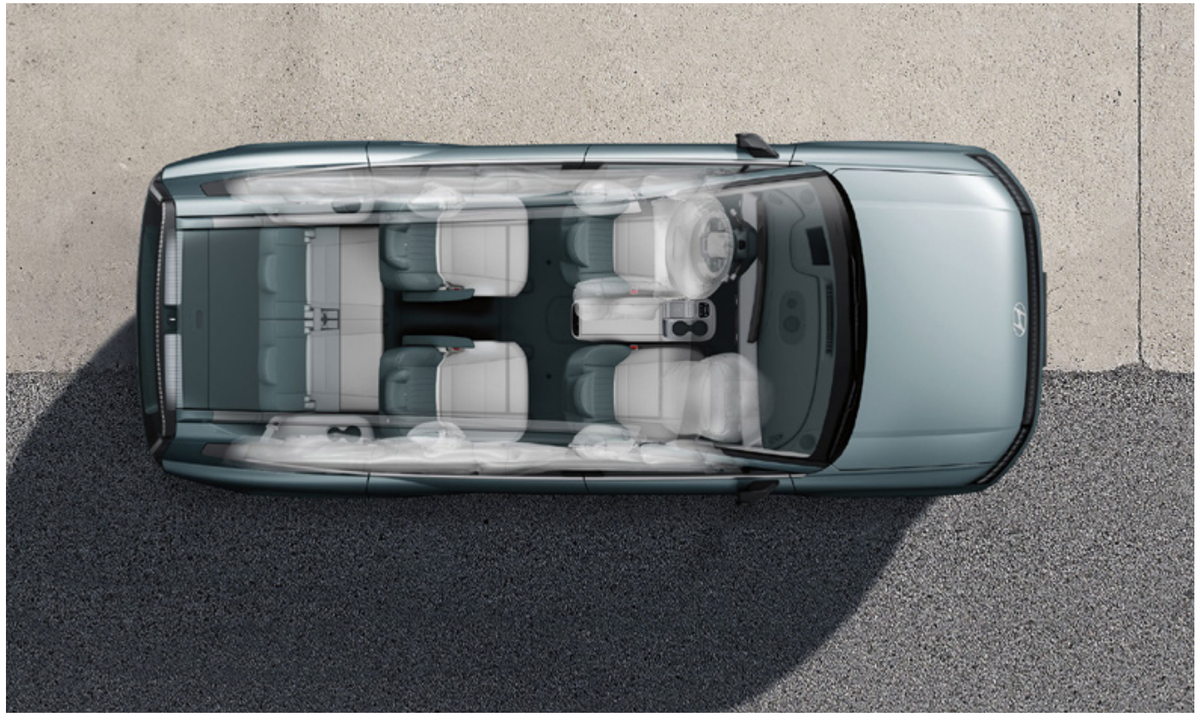
Forward/Side/Reverse Parking Distance Warning (PDW).

Beep, Beeep, Beeeep. Ultrasonic sensors in the front, side and rear detect objects and warn you with beeps that increase in frequency so you can judge your distance from the object to avoid collisions, bumps and scratches. ◊

Click and discover more.

Enjoy more peace of mind.

IONIQ 9 has been equipped with the very latest safety and driving assist features for maximum safety.
Ten airbags deliver maximum protection in critical situations and IONIQ 9's robust body structure is designed for optimal crash energy distribution.



IONIQ 9 is equipped with ten airbags for maximum protection in critical situations.

Rear Occupant Alert (ROA) alerts you to check rear seats upon leaving the vehicle.

Better visibility for more safety and less stress.

The Blind-Spot View Monitor lets you see the rearward left- and right-hand side views as a video feed in the digital cluster. The cameras are activated by the turn indicator during lane changes. The Surround View Monitor gives you a 360-degree view of the area around your vehicle to make manoeuvring in confined spaces easy and safe.

Blind-Spot View Monitor (BVM).

Surround View Monitor (SVM).

Personalise your perfect version.

Express yourself and choose from ten exterior colours.

Built for comfort. Built to belong.

Created to be an oasis of tranquillity wherever you go, IONIQ 9 is designed to expand your comfort zone and crafted to be a space where you feel you truly belong – surrounded by what matters most to you.

Unparalleled performance.
Drive further with confidence: over 385 miles of range, ultra-fast charging from 10 to 80% in just 24 minutes and best-in-class 2,500 kg towing power.[1,2]

Luxurious spaciousness.
Enjoy maximum legroom and headroom for second and third rows, thanks to a 3,130 mm wheelbase. Even the third-row seats can recline for maximum comfort.

Superior comfort.
Relaxation seats in the 1st and 2nd rows, swivelling seats for 2nd row options, and a panoramic openable roof that fills the cabin with light and space.

Cargo capacity.
From 338 litres to a massive 2,419 litres with both rear rows folded flat, ready for everything you want to bring on your travels.

Smart features.
Digital Side Mirrors improve aerodynamics and night vision, while six USB-C ports keep everyone powered – no matter where they sit.

+ The Hyundai Digital Key 2 feature requires a compatible mobile device, Bluelink® app installation and an active subscription. Features, app and specifications are subject to change. The Hyundai Digital Key 2 can be shared via the Wallet app (Apple Wallet, Samsung Wallet, and Google Wallet) on your mobile device. Shared keys can only be used on devices that are compatible with Hyundai Digital Key 2. For more details, see the owner's manual and the Bluelink® terms of use. Smartphone and screen are shown for illustration purposes only.

++ IONIQ 9 comes with 6 months complimentary Bluelink® PRO connectivity and three years of Bluelink® PLUS and ten years Bluelink LITE, our base tier for Bluelink® connectivity. You can purchase Bluelink® PRO in the Bluelink® Store.

[1] Electric consumption (combined test cycle) for the Hyundai IONIQ 9 218PS RWD with 19" wheels in kWh/100 km: 19.9. Electric Driving Range 385 miles; CO_2 emissions (combined test cycle) in g/km: 0 (WLTP). Driving range may vary slightly depending on road conditions, your driving style and the temperature. It is also dependent on the type of tyres equipped. Consumption range and specifications may vary by models and countries.

[2] Charging speed may be limited by the output capacity of AC wallbox or DC public charging station and may also depend on battery temperature or outside temperature.

◊ The features shown are intended to assist drivers to engage in safe driving behaviour. They do not relieve the driver from their responsibility to safely operate the vehicle at any time and to adapt their driving based on the driver's capabilities, local traffic rules and the overall road and traffic conditions. The system is not designed to drive the vehicle autonomously. For further information, please refer to the owner's manual.
