

All-new INSTER

Good things come in small packages.

Introducing the all-new Hyundai INSTER, the smallest member of the Hyundai electric vehicle family. Compact yet versatile, this robust electric car aims to challenge what you might expect from a small electric vehicle.

Concept car design brought to life.

All-new INSTER catches the eye with its bold wheel arches, flush, clean surfaces and strong SUV styling. Circuit board-style bumpers and bold skid plates make a strong statement in the front and rear.

All-new INSTER's personality is in its signature LED daytime running lights, pixel-graphic turn signals, and tail lamps a design element shared with other members of the Hyundai electric vehicle family.

Enjoy plenty of highly versatile flexibility.

All-new INSTER's interior offers plenty of versatility and spaciousness, with the front row seating providing walk-through access. All seats can be folded flat – including the driver's seat – for maximum flexibility. The second row seats are split 50/50 and can slide and recline. A front bench seat option and heated front seats and steering wheel are also available.

Feature highlights.

All-new INSTER is positioned between traditional A-segment city cars and larger B-segment models, offering the manoeuvrability and elevated seating position of a small SUV, along with improved practicality and flexibility due to its more spacious interior and increased cargo capacity.

Flexible and generous boot space.

The rear seats can slide backwards and forward by 16 cm, expanding your boot space from 238-351 litres. Fold the seats flat to expand the cargo capacity to 1,059 litres.

10.25" digital cluster & infotainment touchscreen.

In its sleek cockpit, INSTER provides enhanced technology and convenience with a brilliant 10.25" digital cluster and a 10.25" infotainment touchscreen with navigation.

Wireless charging in the compact centre console.

The wireless charging dock is built into the compact center console, which is designed to enhance the feeling of spaciousness.

Slidable rear seats for more flexibility.

Slide the rear seats forward to increase cargo space in the boot - or slide them back for more leg room.

Features are specific to trim specification.

Distinctive and iconic.

The Front.

Front bumper design featuring a trapezoidal semi-gloss silver garnish intake grille for a more luxurious and stable appearance. Highlighting the Hyundai EV's character and iconic look through its round headlamp design with clear lenses and pixel graphic LED turn signals.

The Side.

Extended wheelbase & pixel inspired 4-spoke 17" alloy wheels exude a clean and unique side image.

The Rear.

Creating a forward-looking and iconic rear image with bold skid plates and rear lamps harmonize with the front.

All-new INSTER Colours.

Choose from an IN-teresting range of exterior colours to create an all-new INSTER that is best matched to your personal style.

Natural Ivory
(Metallic)

Buttercream Yellow
(Pearl)

Bijarim Khaki
