Never just drive.

Created to put a smile on your face every time you get behind the wheel, the IONIQ 5 N is Hyundai's first all-electric N model – and it has already earned recognition including TopGear.com's Car of the Year 2023, EcoCar Electrified Top 50 2025, and the World Car Awards. IONIQ 5 N aims to take pure, unfiltered driving fun to a whole new level.

Designed for performance.

Electrifyingly iconic.

Like the award-winning IONIQ 5 it is derived from, IONIQ 5 N's pure design is a refreshing take on electric vehicles, stripping away complexity to celebrate clean lines and minimalistic structures. It is enhanced with motorsport-inspired design elements engineered to maximise the performance of this powerfully agile masterpiece.

Performance-enhancing design elements.

Wing-type spoiler.

IONIQ 5 N features a wide range of additional performance-enhancing design elements like the wing-type N spoiler, which maximises the track driving potential of this iconic high-performance electric vehicle.

21" forged alloy wheels.

Big and bold, the forged 21" aluminium wheels make a powerful statement while improving handling. The aerodynamically-optimised rear diffuser features eye-catching Luminous Orange accents.

Smile, this is going to be good.

Feel the shifts and hear the acceleration.

Experience an electrifying ride like no other with the only high-performance electric vehicle on the market that provides shift feeling and sound – for driving feedback that will put a smile on your face every time. Our N e-Shift technology gives you a sense of control over power delivery and that jolt feeling between shifts. N Active Sound+ utilises 10 interior and exterior speakers that react dynamically to how you're driving so you can truly feel and hear your drive.

Amping up N performance.

Supercharge your weekends on the track with next-level performance. IONIQ 5 N is amping up N performance in an electrifying new way.

Rediscover the thrill of driving.

With a top speed of 161 mph and the ability to go from 0-62 mph in 3.4 seconds – this electric vehicle has been created so that you can push your inner race car driver even further.

Dream of drifting?

We’ve created N Drift Optimizer to make your dreams come true. Because with our drift mode technology, anyone can drift like a pro on a racetrack.

Take excitement to a new level.

High-tech motorsport inspired cockpit.

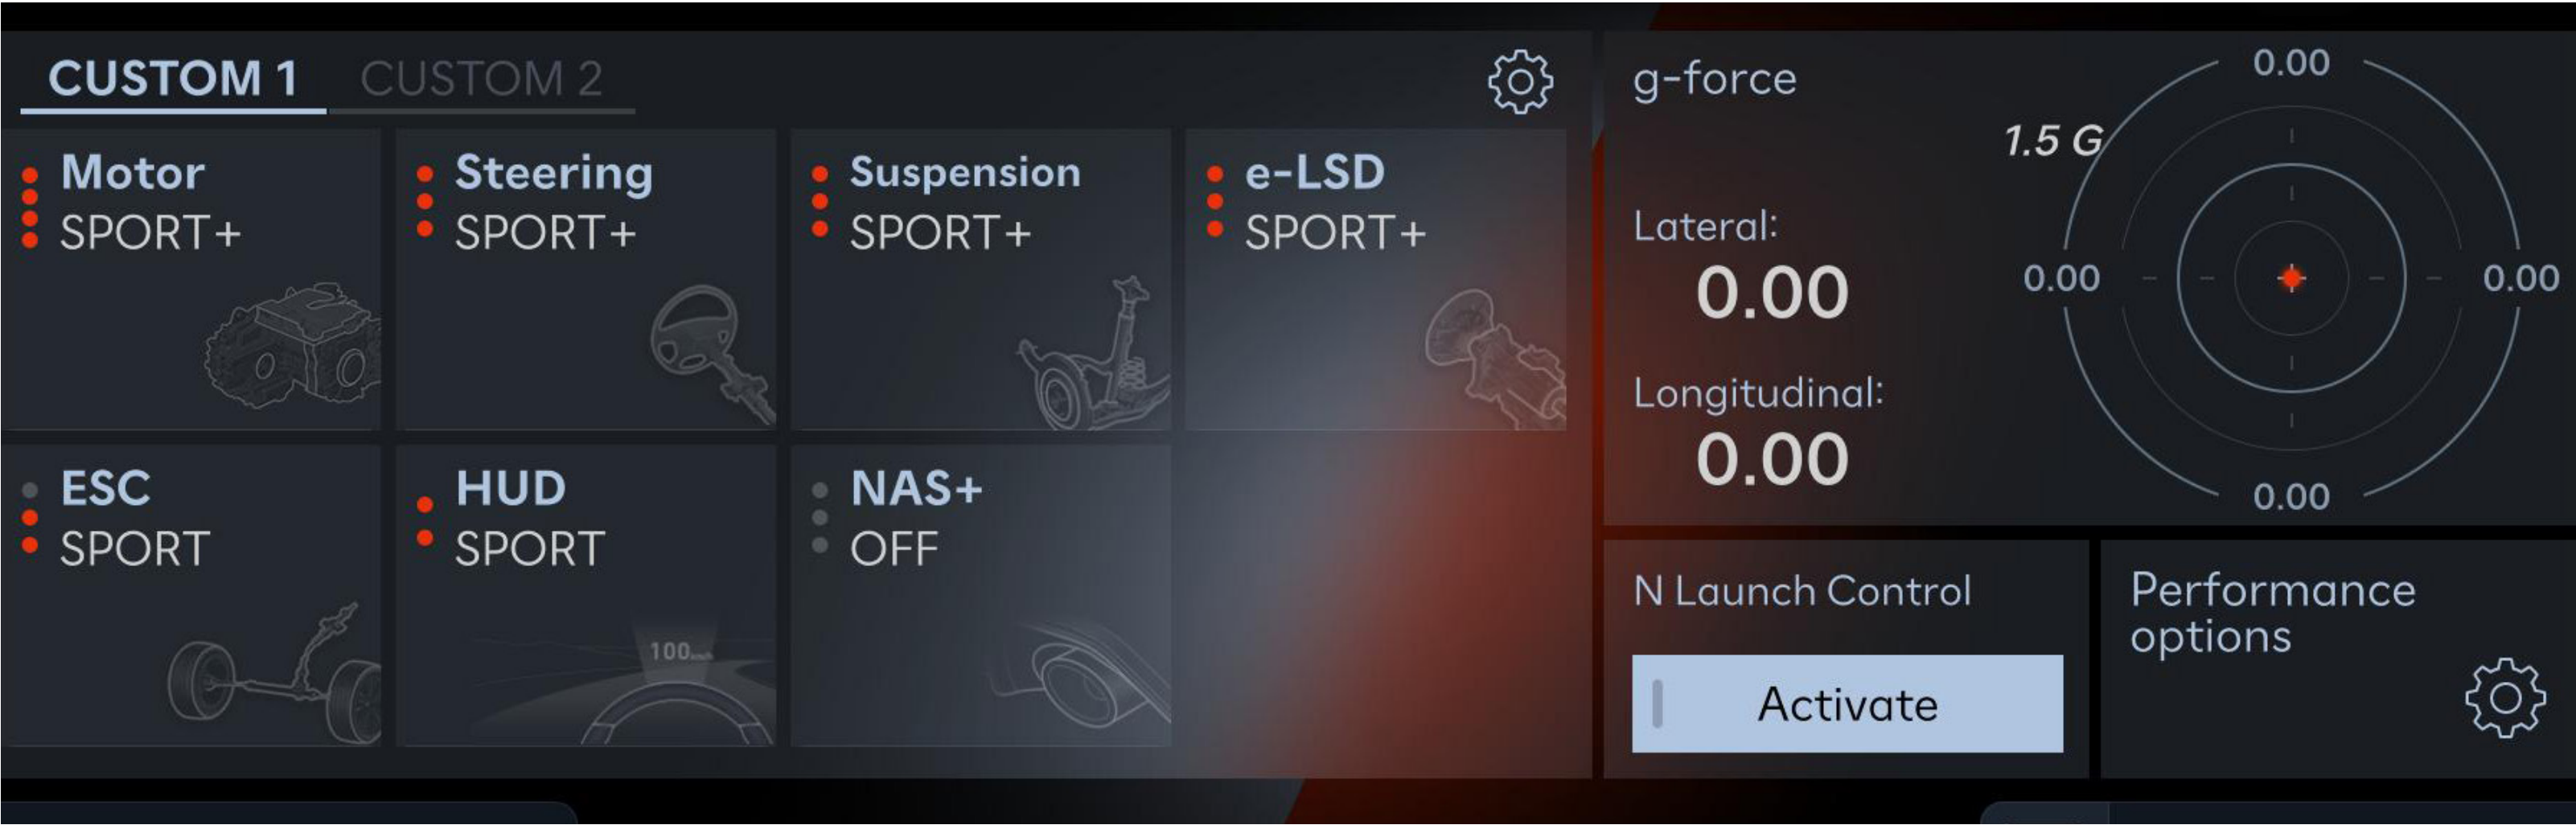

The performance cockpit is designed with one goal in mind – to make every drive an exhilarating experience. The leather N steering wheel provides excellent grip and direct access to driving performance features like the paddle shifters and the N Grin Boost button* – Press it to enjoy increased torque and power up to 478 kW / 650 PS.

The sporty pedals are optimised for foot contact in track driving scenarios that involve oversteer and power slide – reducing the risk of foot slippage in two-foot driving.

*For track use only

Customise your performance and comfort levels.

More performance or more comfort? You choose. Truly a sports car for every day, IONIQ 5 N provides blistering, thrilling, edge-of-your-seats performance – complemented by balanced day-to-day commuting comfort – at the push of a button. Brace yourself.

With a car as utterly capable of delivering pure unadulterated thrills like the IONIQ 5 N you'll have to get used to one thing: Driving with that classic N grin on your face. Bristling with new technologies and elevated racetrack capability, several exclusive features aid track performance such as: N Grin Boost, N Launch Control, N Battery Preconditioning and N Race.

Roomy and flexible cargo space.

Sporty style meets exquisite comfort.

N Bucket Seats.

Welcome to the best seats in the house. Seen here in a luxurious recycled poly Alcantara and Leather finish, they feature illuminated N logos that light up to welcome you when you open the door.

Versatile and comfortable rear seats.

Enjoy plenty of space for all your gear with 480 litres of boot space, which increases up to almost 1,540 litres when the second-row seats are fully folded. For added versatility, they also fold in a 6:4 ratio.

Convenience highlights.

High-speed wireless charger pad.

Track-optimised centre console.

USB C front and rear.

Digital Center Mirror.

Intuitive connectivity.

The beauty of big screens and seamless integration.

Seamlessly integrated and intuitively usable, the sleek modular dashboard features two integrated displays: a 12.3" infotainment touch screen and a 12.3" digital cluster for a high tech look that also provides performance driving information at a glance.

Thanks to wireless Apple CarPlay™ and Android Auto™, you can mirror your smartphone apps and music on the big screen, without having to plug in. And with Over The Air vehicle software updates you benefit from continuous performance updates and new features.

Bluelink[®]

Connected Car Services.

Experience seamless connectivity with Bluelink[®], which turns your compatible smartphone into a digital hub for your car. For a decade, you'll enjoy core features free of charge, including Hyundai Digital Key 2² to lock, start, and securely share your car, smarter navigation with live traffic and EV routing, and automatic Over-the-Air updates[‡]. For the first three years^{**}, your experience is further enhanced by Bluelink[®] Plus, unlocking a full suite of Live Services for real-time charging and parking information, as well as powerful Remote Controls to pre-condition the cabin, manage charging, and more, all from your phone[^].

Hyundai SmartSense

Hyundai SmartSense

Forward Collision-Avoidance Assist with Junction Turning (FCA-JT).

Sensing the road with radar and a camera, the system automatically brakes when it detects sudden braking by the car ahead, or pedestrians and bikes on the road. ⬠

Blind Spot Collision-Avoidance Assist (BCA).

Delivering more safety in dense traffic, BCA will warn you and automatically apply the left or right brakes and control the steering when a vehicle is detected in your blind spot and you begin to change lanes. ⬠

Highway Driving Assist II (HDA2).

Hyundai's autonomous driving technology enables your car to steer, accelerate and brake automatically. It keeps you centred in lane and at a safe distance behind the car ahead. ⬠

N Driving Fun.

High-performance 84 kWh battery.

Providing up to 278 miles⁴ of range, IONIQ 5 N lets you enjoy faster charging and increased range thanks to Hyundai's ground-breaking Electric Global Modular Platform.³ Featuring a larger, more powerful battery than the award-winning IONIQ 5 it was derived from, this high-performance electric vehicle is the first vehicle to be equipped with Hyundai's fourth generation 84 kWh battery, which features several technical improvements like increased energy efficiency for stronger power output, spinning the electric motors up to 21,000 RPM. Power output is a blistering 448 kW /609 PS and can be increased to 478 kW /650 PS with N Grin Boost.

Ultra-fast charging.

The innovative 800V battery technology in the IONIQ 5 N delivers competitive charging times and can add 169 miles of range in 15 minutes with a 350 kW DC ultra-fast charging station – charging from 10% to 80% in 18-36 minutes. ‡

Or you can charge at home at a wallbox overnight or top up at a grocery store when shopping – the powerful 10.5 kW on-board charger also gives you a range of flexible possibilities for AC charging.

Vehicle-to-Load technology.

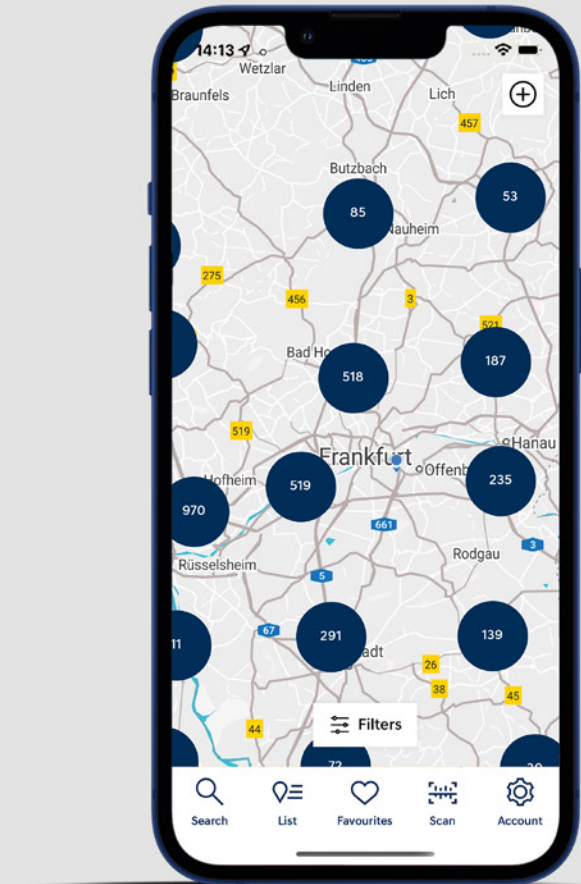

IONIQ 5 N supports a sustainable electric mobility lifestyle with its innovative Vehicle-to-Load technology (V2L), which lets you freely use or charge any electric device up to 3.6 kW, such as electric bicycles, scooters or camping equipment – while on the move or on location.

Electric vehicle route planner.

Enjoy the peace of mind of always knowing where your next charge is. Enter a destination and the navigation automatically suggests charging points on the route. IONIQ 5 N shows you real-time charging station information such as location, connector types and availability. †

Charge myHyundai.

Charging your electric vehicle has never been easier or more accessible. Welcome to Charge myHyundai: a comprehensive and easy-to-use public charging solution that gives you access to over 540,000 charge points in 29 European countries. Enjoy easy cross-border charging with one single contract through e-roaming.

1 App. 1 Card. 1 Invoice. That means no hassles thanks to a streamlined one-payment solution. And we offer several attractive tariff models to fit your needs. For more information, visit the Charge myHyundai website in your country: www.chargemyhyundai.com.

IONITY high-power charging network.

IONITY makes long distance travel with electric vehicles the new normal – building and operating a high-power charging network along Europe’s highways, using state-of-the-art technology with a charging capacity of up to 350 kW. You benefit from maximum charging speeds and short charging times while always being provided with 100% renewable energy for emission-free and carbon neutral driving. IONITY is part of Hyundai’s pan-European public charging service, Charge myHyundai. For more information visit www.chargemyhyundai.com.

Express yourself.

Choose from ten exterior colours, including two Ecotronic hues which utilise bamboo charcoal pigment paint, an alternative to virgin petro-based pigment paint. Natural materials are used extensively throughout the IONIQ 5 N.

Optional extra - Vision Roof

*No cost option - Soultronic Orange (Pearl). All other colours are an additional cost option.

Interior colours.

The sleek interior features Performance Blue contrast stitching and the new checkered flag theme – a track-inspired riff on IONIQ 5’s iconic Parametric Pixels – on the door scuff panels, metal pedals, and footrest. The N Bucket Seats are recycled poly Alcantara and leather finish.

Unlock a whole new world of excitement.

Engineered for the discerning enthusiast who wants more than to just drive – this high-performance electric vehicle is meticulously crafted to deliver an intensely thrilling driving experience.

As Hyundai N's first electric vehicle, IONIQ 5 N represents a new segment of driver-focused high performance electric vehicles through new technologies and elevated racetrack capability.

It also signals the first step in N's electrification strategy with future electric N models to follow. Enjoy.

- 1 Apple CarPlay™ is a registered trademark of Apple Inc.
Android Auto™ is a registered trademark of Google Inc.
 - 2 The Hyundai Digital Key 2 feature requires a compatible mobile device, Bluelink® app installation and an active Bluelink® subscription with an eligible subscription plan. Features, app and specifications are subject to change. Smartphone and screen on this page are shown for illustration purposes only. For more details, see the Owner's Manual and the Bluelink® terms of use. Here are links to find more information on your phone's compatibility: Apple Google Samsung Convenience aid only. Not intended as a permanent key replacement.
 - 3 Range according to WLTP cycle. Driving range may vary slightly depending on road conditions, your driving style and the temperature. It is also is dependent on the type of tyres equipped. Technical data not final.
 - 4 IONIQ 5 N 84 kWh 650PS AWD MY26 maximum electric range 278 miles.
CO2 emissions: 0 g/km. These figures were obtained after the battery had been fully charged. The electric range shown was achieved using the WLTP test procedure. Figures shown are for compatibility purposes. Only compare fuel consumption, CO2 and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including road conditions, outdoor temperature, driving style, use of climate control and battery condition.
- † Electric vehicle route planning service provides for a recommendation based on our best effort but may not reflect real life driving results. Any warranty beyond what is required by the law is therefore excluded.
 - ◇ The features shown are intended to assist drivers to engage in safe driving behaviour. They do not relieve the driver from their responsibility to safely operate the vehicle at any time and to adapt their driving based on the driver's capabilities, local traffic rules and the overall road and traffic conditions. The system is not designed to drive the vehicle autonomously. For further information, please refer to the owner's manual.
 - ≠ With an eligible subscription plan of an active Bluelink® subscription and 4G signal required.
 - ** IONIQ 5 N comes with 6 months complimentary Bluelink® PRO connectivity and three years of Bluelink® PLUS and ten years Bluelink LITE, our base tier for Bluelink® connectivity. You can purchase Bluelink® PRO in the Bluelink® Store.
 - Δ Requires compatible smartphone, Bluelink App and active subscription with an eligible subscription plan.

The Hyundai 5-Year Unlimited Mileage Warranty applies only to Hyundai vehicles that have been originally sold by an authorized Hyundai dealer to an end-customer, as set out in the terms and conditions of the warranty booklet. 8 years or 100,000 miles warranty on vehicle battery unit. Local terms and conditions apply. Contact your official Hyundai dealer for further information.
