Hyundai Business

Powering Progress - shaping the future of fleet mobility

Hyundai continues to lead the way, offering fleet operators advanced solutions that balance practicality, cutting-edge technology, and improved sustainability. With one of the most diverse line-ups of electrified vehicles, the modern Hyundai range offers company car drivers a number of award-winning electric and plug-in hybrid models, all benefiting from low BIK.

IONIQ 5 N

With motorsport-inspired styling, zero tailpipe emissions and 3% BIK*, the IONIQ 5 N is ready to power the business world. With an all-electric driving range of up to 278 miles†, it delivers both performance and executive-level practicality. The future of performance EVs has arrived.

The IONIQ 5 N is the first vehicle built on Hyundai's Electric-Global Modular Platform (E-GMP). This dedicated battery electric vehicle platform enables faster charging, increased driving range, more interior space and better handling.

Unlimited peace of mind comes as standard with your Hyundai. We include five-year unlimited mileage warranty and 8 year/100,000 mile battery warranty.
