The freedom to take life with you.

Predictable or not, the need to take care of different tasks each day is now a regular part of everyday life. Fortunately, our Genuine Accessories provide a variety of solutions for all kinds of challenges and opportunities.

Bike carrier for all tow bar. E823055001

Tow bar, detachable

Detachable and above all dependable: You can rely on this corrosion-resistant steel tow bar to transport your cargo securely and efficiently. Featuring a 3-ball locking system, it can be simply detached. Maximum payload for bike carrier usage is 75 kg including bike carrier weight.

GI281ADE50

Tow bar, retractable (fully electric)

Deployed and retracted via a switch located in the trunk, this top-quality, fully electric tow bar conveniently folds up and sits invisibly behind the lower bumper when not in use.

GI285ADE50

Tow bar wiring kit

Installation uses original vehicle connectors and a multifunctional trailer module which amplifies all necessary signals and communicates also with the vehicle. Compatible with both conventional bulbs and LED trailer lamps. The park distance warning system and rear fog lights automatically switch off when a trailer/bike carrier is connected or detected. The new trailer lamp control feature sends a notification via vehicle cluster when a tail, brake, or indicator light malfunctions. For your safety and comfort, various other Advanced Driver Assistance Systems for the vehicle are also automatically deactivated when a trailer/bike carrier is connected or detected. For more information, please check the vehicle owner's manual or contact your dealer.

GI621ADE50PC (13-pole socket, only applicable for GI281ADE50)

GI625ADE50 (retractable tow bar connection kit)

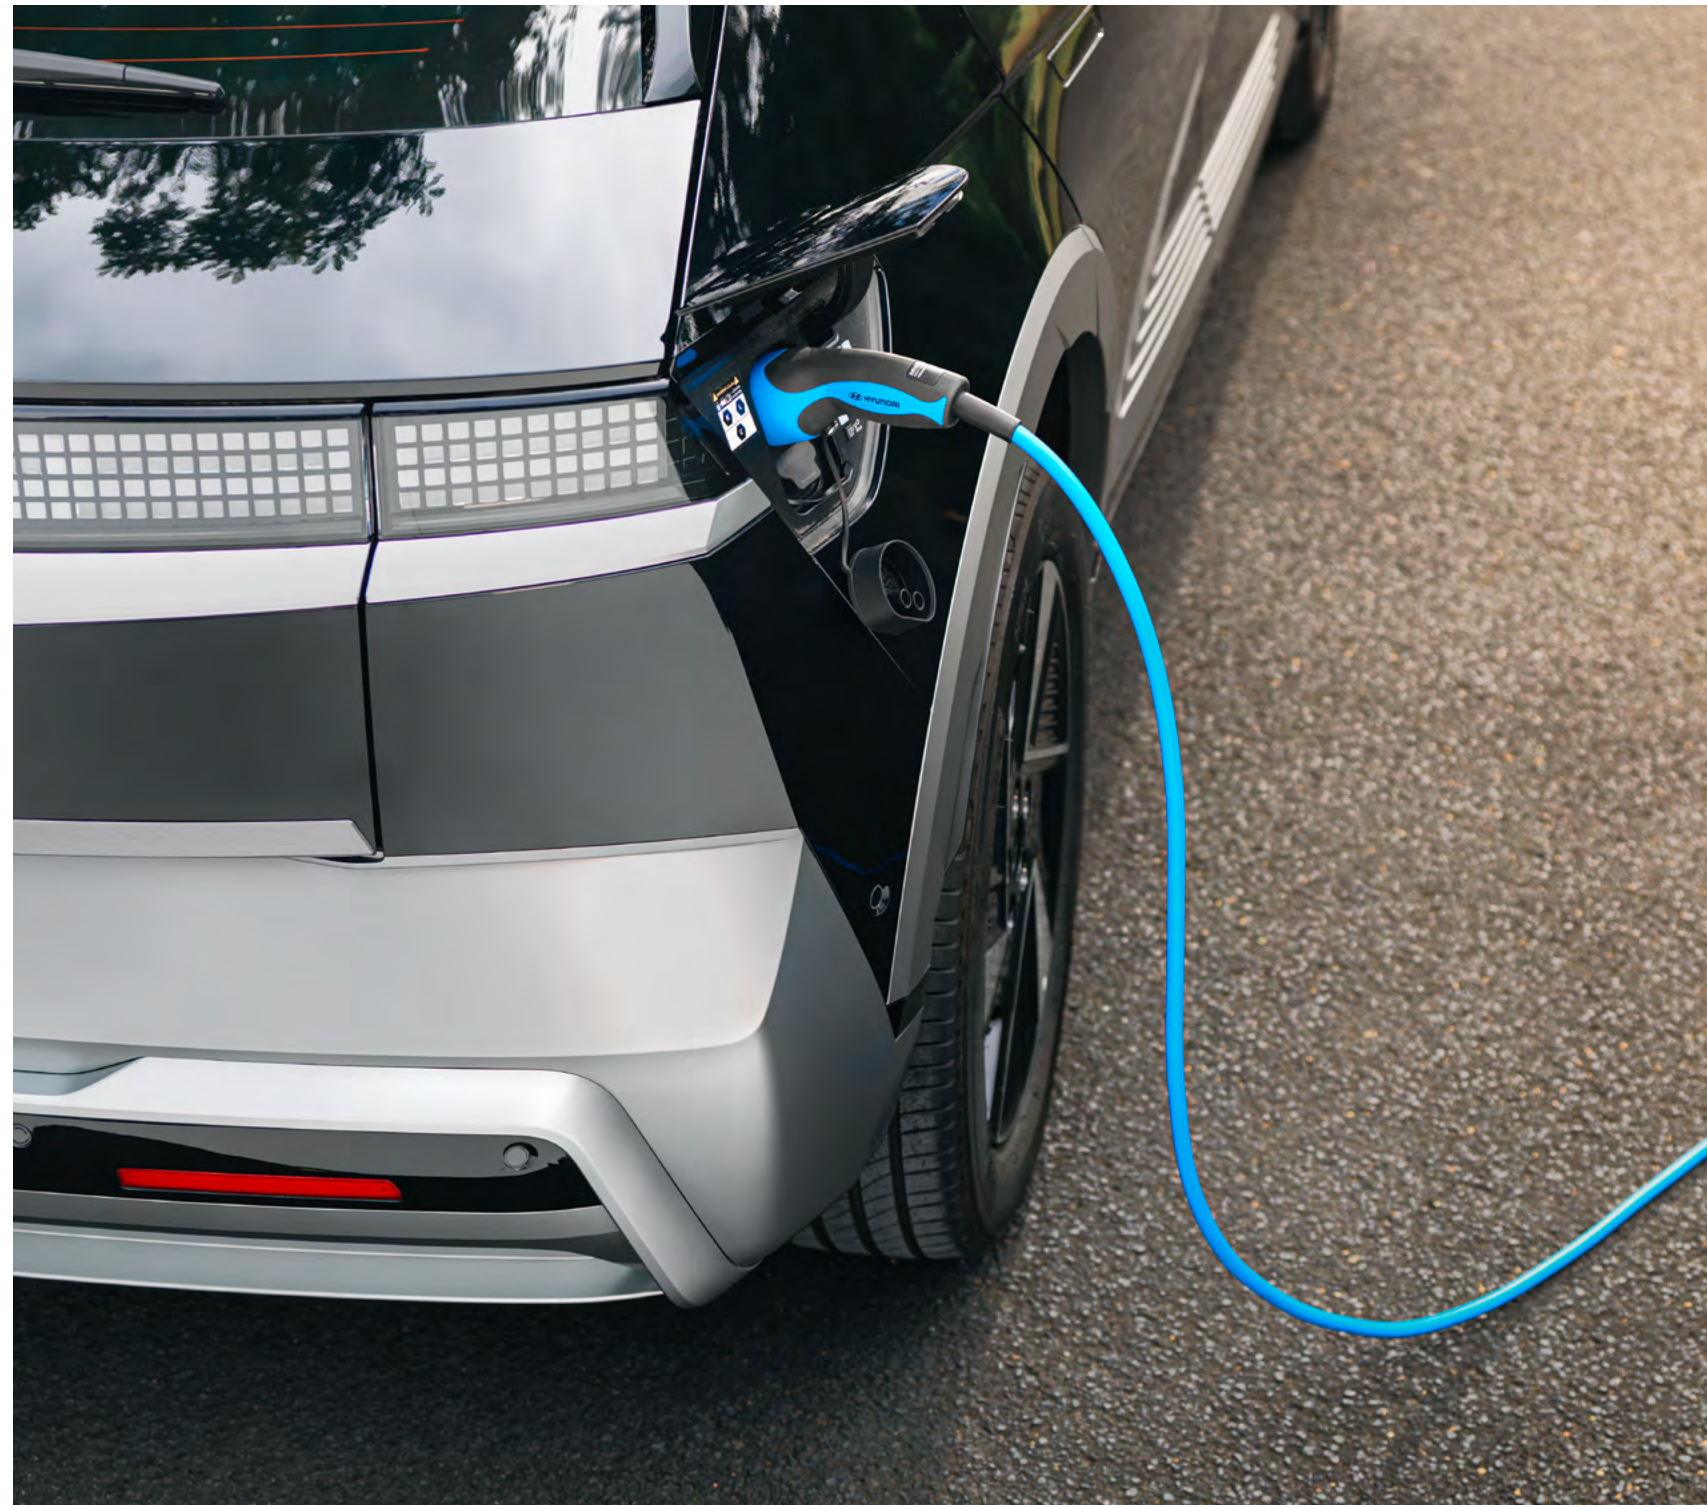

Get charged – fast and easy.

Put your IONIQ 5 on the road quickly and without fuss. Sturdy and state-of-the-art technology allows you to charge your IONIQ 5 anywhere.

Charging cable, Mode 3

Fast charging (AC) your new IONIQ 5 could not be easier and faster. The charging cable, Mode 3 is equipped with Type 2 plugs at both ends and can be used for the day-to-day charging at public and domestic charging points that provide Type 2 sockets. High-grade materials make this charging cable extremely resistant to severe twisting or bending and extensive weatherproofing excludes the possibility of corrosion. Secure automatic locking to both the car and the charging point is provided by the Type 2 plugs. 99632ADE003A (Type 2, Mode 3, 3-phase, 5 m)

Mobility dock

When convenient public charging points are not available, this compact and efficient Mobility dock is the perfect solution. It converts any standard household socket into a charging solution for your electric or plug-in hybrid vehicle. It is CE compliant, requires a Type 2 charging cable, and takes up very little on-board space. The maximum charging power is 2.3 kW. Its integrated control system monitors and regulates the charging process, detecting any DC and AC errors and automatically preventing overheating.

99635ADE00EU

Vehicle-to-Load (V2L)

Get 220 V of alternating current to power your devices, outside your Hyundai EV vehicle. Fully charged, its Vehicle-to-Load feature offers up to 3.6 kW of power (depending on your vehicle output capacity), enough to run a large TV screen or a medium-sized air conditioner for 24 hours. Simply attach the V2L connector to the charging outlet. This product is designed to be used only for your Hyundai vehicle. Please carefully follow the instructions from the user manual.

Branded pouch included.

GIH68AK0U0

High quality deserves the best care.

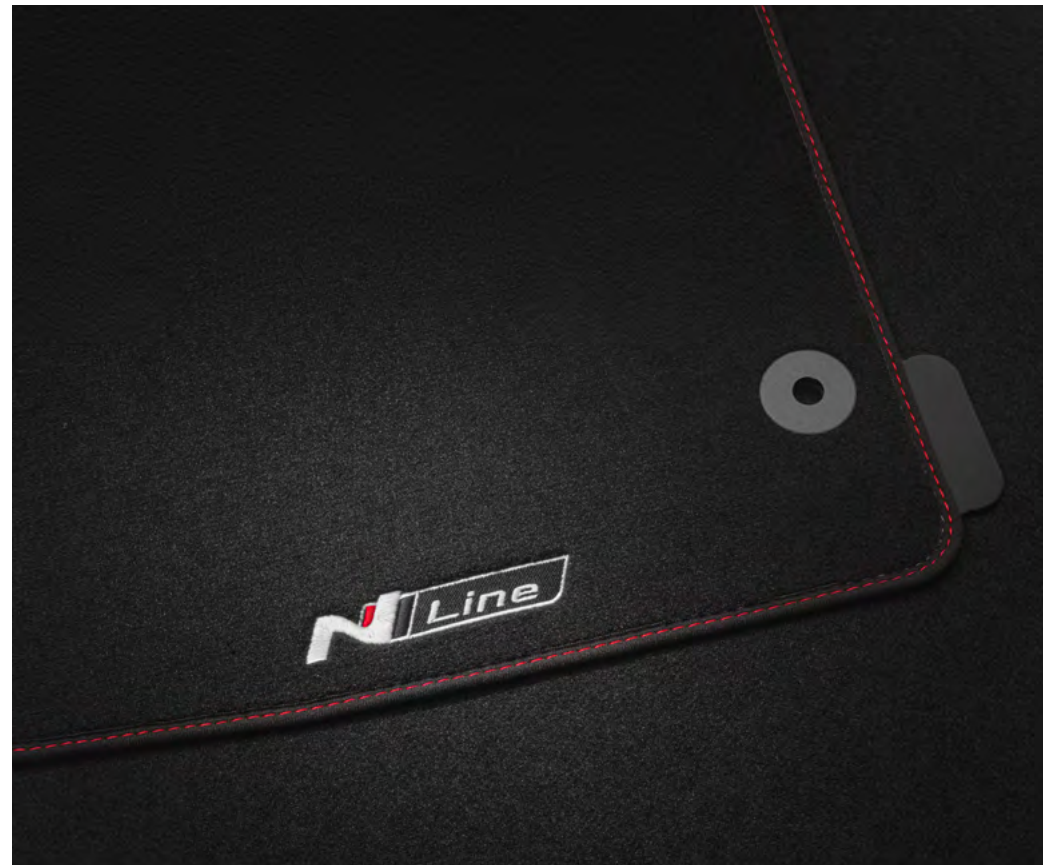

For your IONIQ 5 we offer a wide range of purpose-made accessories to help keep it in showroom condition throughout the year. Now, we create our velour mats from a new material, ECONYL®. It is manufactured from recycled nylon, recovered from maritime fishing nets. A comfortable feeling with a good conscience.

Hyundai er stolte av å tilby en av markedets aller beste fabrikkgarantier på fem år uten kilometerbegrensning, og i tillegg en av markedets beste garantier på driftsbatteriet i IONIQ 5. Den er på åtte år eller 160 000 km avhengig av hva som inntreffer først. Utstyret som er avbildet og beskrevet i denne brosjyren, kan avvike fra det som leveres i Norge. Trykkteknikken gjør at fargeprøvene som er vist, kan avvike fra de faktiske fargene. Ta kontakt med din Hyundai-forhandler for mer informasjon om hvilke farger, setetrekk og tekniske spesifikasjoner som leveres. Det tas forbehold om eventuelle trykkfeil og endringer.
