

KONA Electric. Live Unlimited.

Hyundai Business Powering Progress – shaping the future of fleet mobility

Hyundai continues to lead the way, offering fleet operators advanced solutions that balance practicality, cutting-edge technology, and improved sustainability. With one of the most diverse line-ups of electrified vehicles, the modern Hyundai range offers company car drivers a number of award-winning electric and plug-in hybrid models, all benefiting from low BIK.

KONA Electric

With a sleek design, zero emissions, and just 3% BIK*, the Hyundai KONA Electric is ready to power the business world. Offering a range of up to 319 miles†, it's the perfect business partner for every journey. The future of electric driving starts here.

Unlimited peace of mind comes as standard with your Hyundai. We include five-year unlimited mileage warranty and 8 year/100,000 mile battery warranty.

Range
319 miles[†]

Charge Time
41 mins[‡]

rapid charge from 10% to 80%

BiK
3%*

Information based on Hyundai KONA Electric Advance 65kWh

^{*} For 2025/26 tax year.

[‡] Hyundai test data for comparison purposes. Actual time will vary and is dependent on several factors including battery temperature, condition and age, ambient temperature and the power provided by the charger. Charge time increases in cold weather and if battery temperature activates safeguarding technology.

[†] Maximum range 319 miles for the 65.4 kWh battery version according to WLTP cycle. Specification dependent. Actual range will vary depending on factors including road conditions, outdoor temperature, driving style, use of climate control and battery condition.
