We have a passion for progress.

The “can-do” spirit is at the heart of Hyundai’s heritage. It’s the attitude of progressing, no matter what. From humble beginnings, this vision has driven us to seek new challenges, encapsulated since our founding in the name ‘Hyundai’ – meaning ‘modern times’.

It’s the persistent curiosity for what lies ahead. Of always chasing the next. What was once a man’s desire for better is today the ethos of an entire company. As our founder said: “How does one know it’s impossible if one hasn’t tried it?”

Progress doesn’t happen by chance. We’re always pushing the borders of the possible, building tomorrow’s technology today, and powering the future with an ever-evolving range of zero-emission engines, seamless in-car connectivity and more.

We’ve come a long way. And we won’t stop here.

Meet the
KONA Electric.

Colour shown no longer available in the UK.

Design, range and technology.

Dynamic design, impressive battery range and a host of technology -

The KONA Electric ticks all the boxes for those looking to take advantage of the benefits offered by the new generation of electric vehicles.

The world is undeniably moving towards alternative fuels. Enjoy that journey in style and with the latest connectivity features in the KONA Electric.

Each new day brings fresh adventures. Up to 300 miles¹ on a single charge, and effortless rapid charging in as little as 47 minutes²

¹64kWh battery variant WLTP. Actual results may vary.

²10% - 80% charge in 47 minutes for 64kWh battery variant using 100kW rapid charger. Actual time will vary and is dependent on battery temperature and the power provided by the charger. In cold weather, charge time increases.

Adventures

far and wide.

Colour shown no longer available in the UK.

The KONA Electric delivers a liberating range of up to 300 miles¹ on a single charge.

Electric range is an important buying consideration. With the KONA Electric, you'll have the freedom to go where the mood takes you, safe in the knowledge that you have enough to get you there. There are two battery variant options available. The 64kWh lithium-ion battery variant delivers a game-changing range of up to 300 miles¹ on a single charge, whilst the standard 39.2kWh battery variant delivers up to 189 miles².

Of course, it's not just where you're going that counts. Getting there will be even more of a pleasure with smooth acceleration from 0 to 62mph in 7.9 seconds with the 64kWh battery variant. While the advanced Regenerative Braking technology ensures that the car's efficiency is just as impressive as its performance.

Better still, with the reassurance of our 5-Year Unlimited Mileage Warranty and 8-Year Battery Warranty³, you'll have total peace of mind.

Regenerative Braking.

The KONA Electric's innovative Regenerative Braking system maximises your efficiency by charging the battery while you drive. It utilises energy that would otherwise have been wasted. That's good news for you and the environment.

¹64kWh battery variant WLTP. Actual results may vary. ²39.2kWh battery variant WLTP. Actual results may vary.

³The Hyundai 5-Year Unlimited Mileage Warranty applies only to Hyundai vehicles that have been originally sold by an authorized Hyundai retailer to an end-customer, as set out in the terms and conditions of the warranty. 8 years or 100,000 mile warranty on vehicle battery unit. Local terms and conditions apply.

Relax and
recharge.

Colour shown no longer available in the UK.

Charging the KONA Electric is easy and convenient.

Recharging can be done through the night at home or during the day while you're at work, fitting effortlessly into your daily routine. With a home charging station, you can recharge the 64kWh battery variant from 10% to 100% capacity in 9 hours 15 minutes and the 39.2kWh battery variant to the same level in 6 hours.

If you need to recharge your KONA Electric when you're out and about, rapid charging¹ will have you back on the road in a little over three-quarters of an hour. This should give you just enough time to stretch your legs and grab a quick snack.

10.25" Touchscreen Audio Visual Navigation comes as standard.

Designed to go beyond the journey.

Colour shown no longer available in the UK.

Electrifying looks. Designed to move you like never before.

Stylish yet ergonomic, the KONA Electric has been designed with an eye firmly on the future. From the way the front bumper flows effortlessly, leading your eye around to the body-coloured wheel arch cladding and the expressive 17-inch alloy wheels, the distinctive looks will draw attention wherever you go.

Technology

that drives enjoyment.

The KONA Electric offers you a bountiful selection of useful features. With Apple CarPlay™ and Android Auto™, your smartphone is seamlessly synced while wireless charging is another convenient addition. Remain fully connected with your favourite things through wireless phone mirroring.

Hyundai's BlueLink® Connected Car Services offers many clever features you can control with your smartphone from inside the car, or out. Helping you make the most of every journey.

The KRELL premium audio system delivers acoustic excellence. The sound is enhanced by the eight speakers, strategically located for optimum performance throughout the cabin. Your connection with the driving experience will be stronger too, with our easy-to-read Head-up display (HUD) – so you can always keep your eyes on the road.

10.25" supervision instrument cluster.

Wireless charging. Standard on Premium and Ultimate trims.

Head-up display (HUD). Standard on Ultimate trim.

10.25" Audio Visual Navigation.

BlueLink® Connected Car Services.

KRELL premium audio system.

Everything you need at your fingertips for smooth operation.

The Hyundai shift-by-wire electronic transmission controls are conveniently located within the sleek centre console.

Effortlessly switch between drive, neutral, reverse and park, as well as engage and disengage the handbrake, all at the merest touch of a button.

Model shown: KONA Electric Ultimate with optional Grey leather interior.
Not to UK specification.

Bluelink® Connected Car Services puts you in control of the KONA Electric, even when you're not in it.

The KONA Electric is compatible with Hyundai's Bluelink® Connected Car Services. This enables you to use your smartphone to operate a wide range of features designed to make your drive even more convenient and enjoyable.

Live Services provides up-to-the-minute traffic information and reliable route recalculations so you can complete your journey faster. Just as useful, Last Mile Navigation comes in handy when you have to park a short distance away from your final destination. It seamlessly transfers navigation to your mobile phone to guide you the remainder of your way on foot.

As well as the features we've highlighted with icons on this page, you'll also benefit from remote climate settings that let you choose your preferred temperature before you set off, and live parking information, including charging schedule which allows you to program start and stop charging times, and to make sure that your car is charged when you are ready to go.

All this with a complimentary 5-year subscription to Hyundai's Live Services as part of the navigation system.

No shortage of
**space or
flexibility**

Our designers have made use of every available inch of interior space.

Cleverly located hidden storage solutions within the centre console add to your options, making room for your sunglasses and other personal items.

Model shown: KONA Electric Ultimate with optional Grey leather interior.
Not to UK specification.

Designed to fit everything you and your busy life can throw at it.

With its spacious cabin, the KONA Electric is ready for action. The flexible seating gives you the room you need, wherever you need it. Head out with friends and they're sure to be impressed by the surprising legroom.

Both useful and stylish, the interior ambient light¹ shines into the driver and passenger-side footwells. It also illuminates the top edge of the cupholders in the centre console. So you won't spill a drop of your all-important first cup of coffee on dark winter mornings.

¹Standard on Premium and Ultimate trims only.

Make the most of the versatile boot with 332 litres of space available when the seats are up. If you decide to head for the hills and need extra space for all your camping gear, the rear seats can be dropped to give you an impressive 1,114 litres of space.

Model shown: KONA Electric Ultimate with optional Grey leather interior. Not to UK specification. Colour shown no longer available in the UK.

A man with a beard and sunglasses, wearing a colorful patterned shirt, is driving a car. The car is dark blue. The interior is visible, showing the steering wheel, dashboard, and a navigation screen. The background shows a brick building and trees, suggesting an urban or suburban setting.

Be in control of every mile, of every adventure.

When you know someone has your back, it adds to your driving enjoyment. Hyundai's Smart Sense collection of advanced safety features gives you all-round protection.

Colour shown no longer available in the UK.

Extra eyes for extra safety. Keeping you and your passengers alert to the unexpected.

Driver Attention Warning (DAW): When a pattern of fatigue or distraction is identified, the system gets your attention with an alert and pop-up message suggesting a break.

Intelligent Speed Limit Warning (ISLW): External cameras and the onboard navigation system combine to monitor road speed limits, keeping you informed via the navigation screen to keep your pace at a safe speed. Available on Premium and Ultimate trims only.

Blind Spot Collision Avoidance Assist (BCA): Radars detect traffic in the vehicle blind spot, warning drivers with an audible alarm when the indicator is used so you can be aware of the traffic around you. It will also take action itself, braking to help avoid a collision. Standard on Premium and Ultimate trims.

Lane Follow Assist (LFA): LFA helps prevent accidental lane departure and keeps your vehicle safely centred within the lane. Using a forward camera to recognise the intended lane, LFA will automatically provide corrective steering input to help maintain the centre path. This not only detects road lines but also the road edge.

Highway Driving Assist (HDA): For additional safety, Highway Driving Assist keeps your vehicle at your pre-set speed and maintains road position in your lane. HDA monitors the distance to the vehicles ahead, reducing speed automatically when the gap closes. When the safe distance is restored, HDA resumes the pre-set cruising speed.

Forward Collision Avoidance (FCA): Avoid getting too close to pedestrians or vehicles ahead of you with audible alerts, cycle detection and automatic brake application if necessary.

Effortless style, endless choices.

The KONA Electric presents a host of opportunities for you to personalise the appearance of your car with a choice of colours, as well as three trims.

Colour shown no longer available in the UK.

Decisions, decisions.

Choose from an enticing range of exterior colours, each complementing the striking silhouette in its own distinct way.
