HYUNDAI

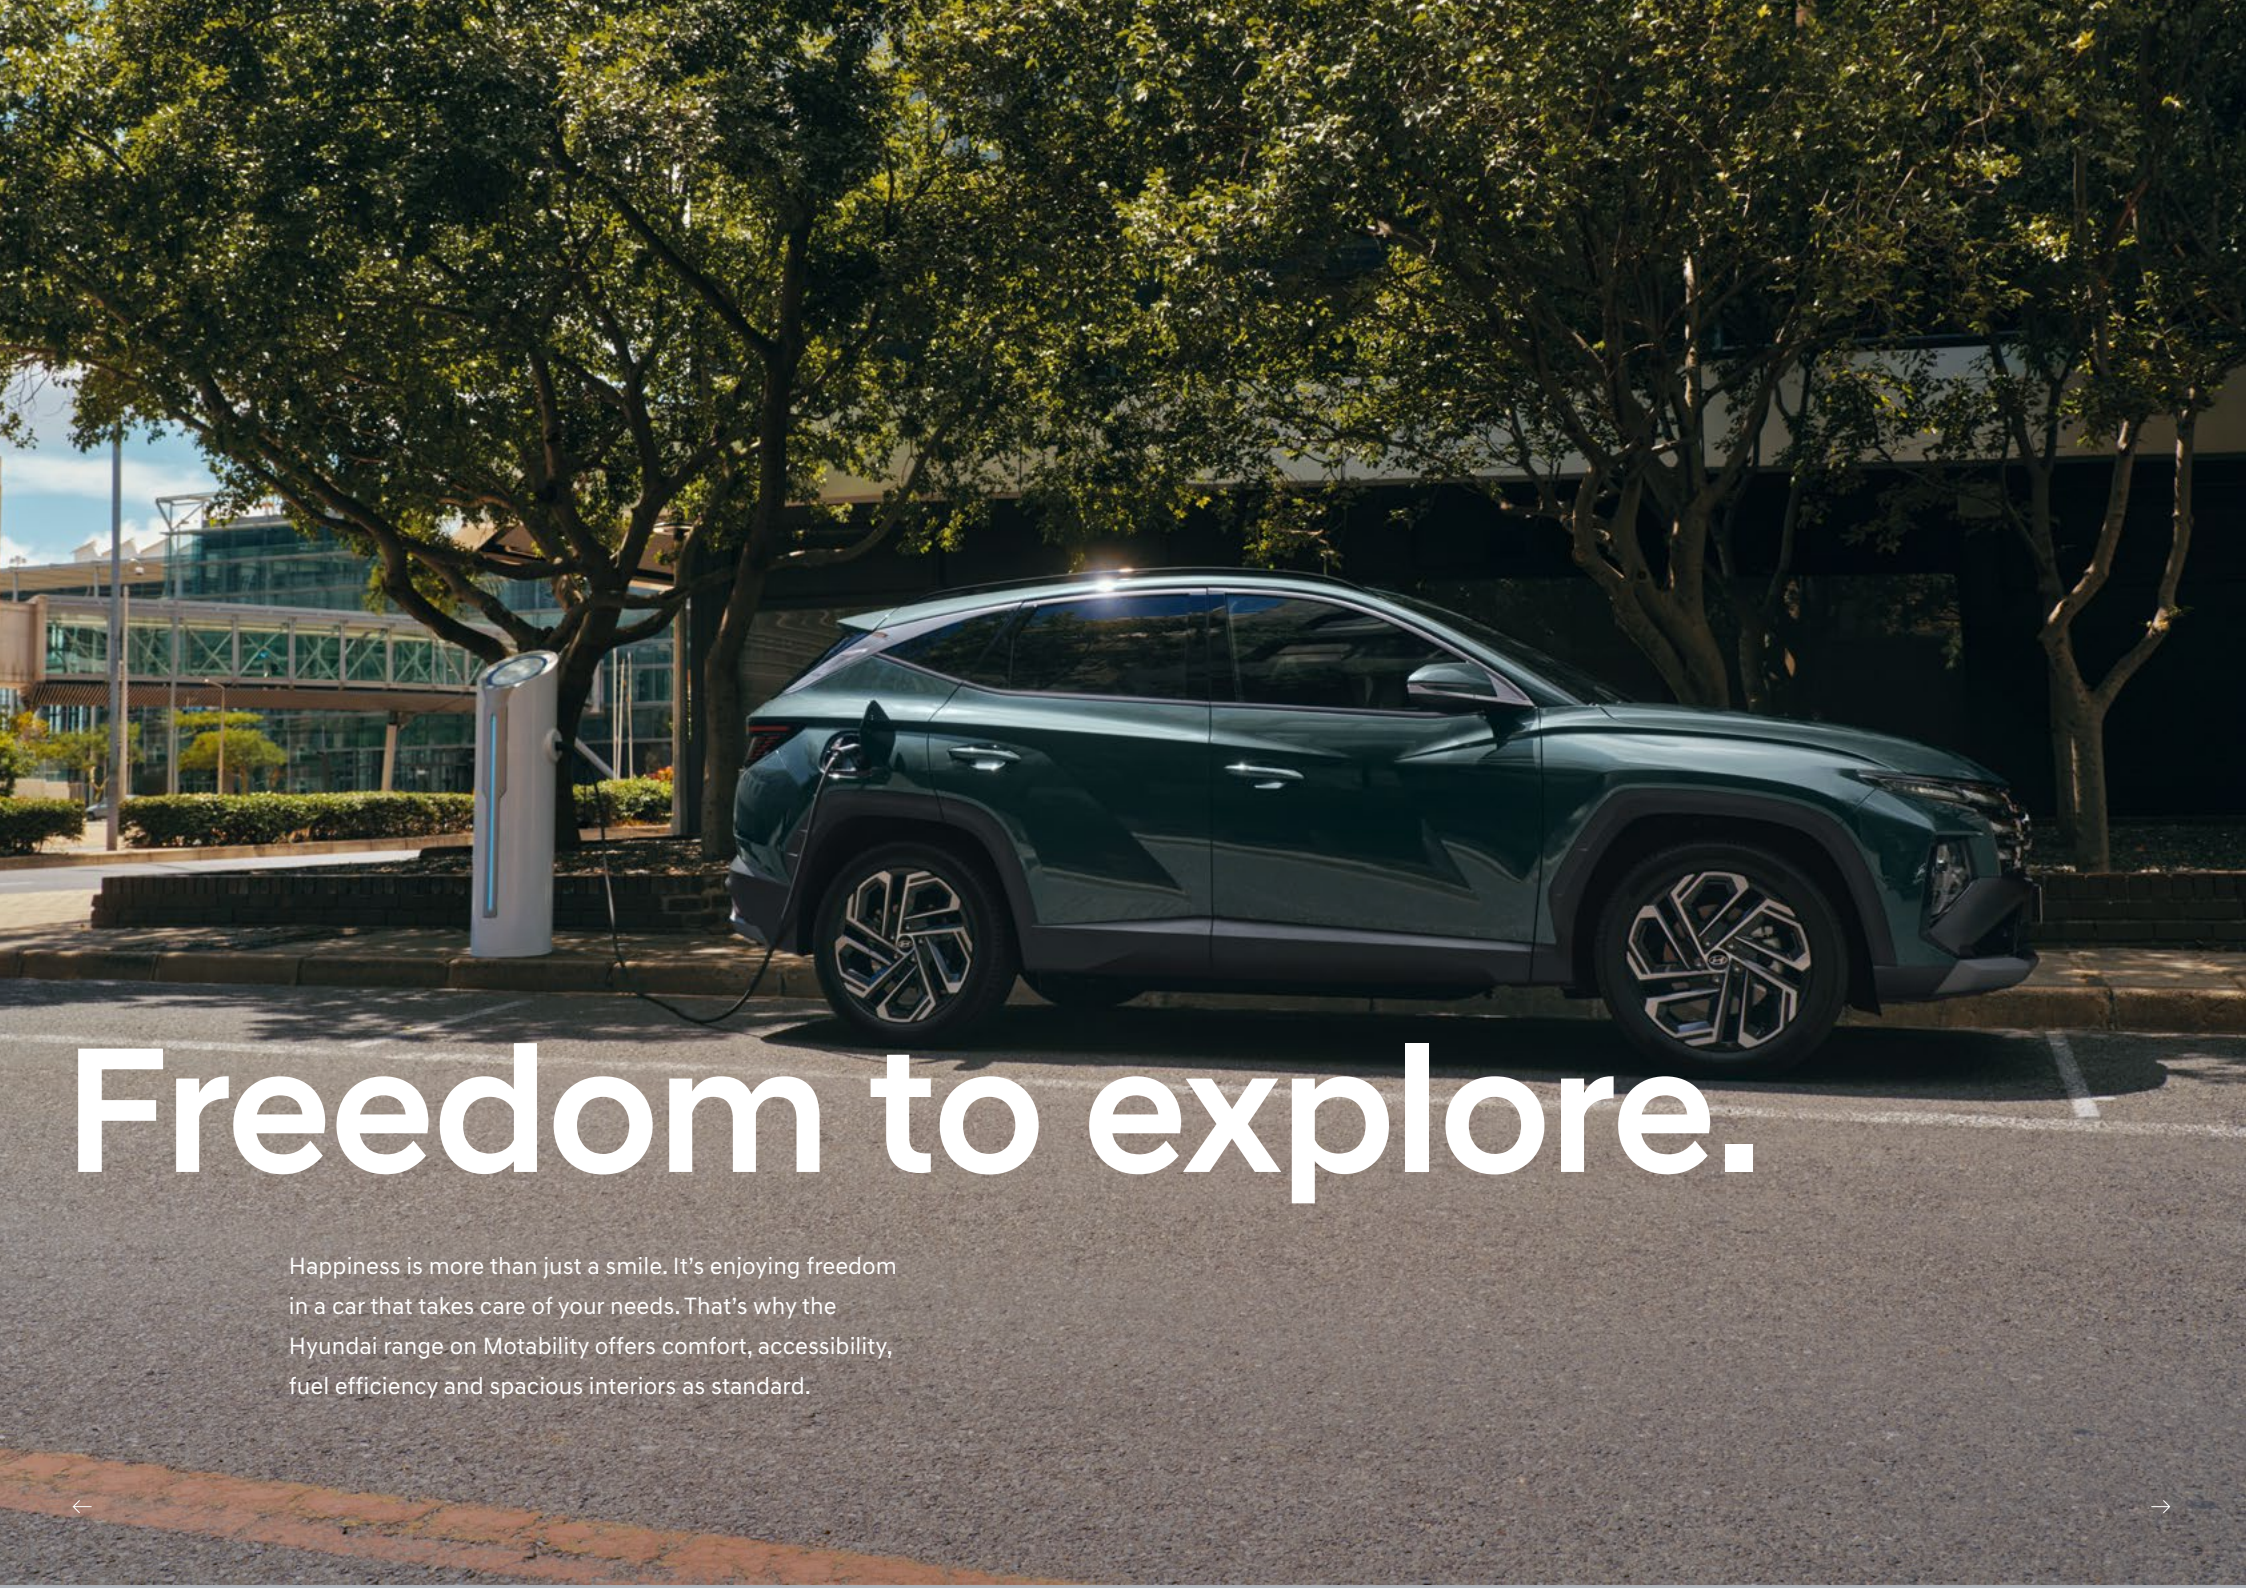

Hyundai Motability Range.

October 2026 – December 2026

Motability Scheme

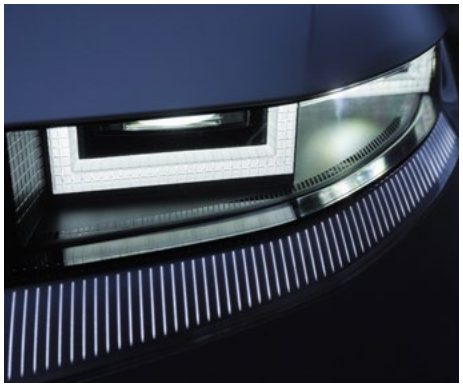

→

Freedom to explore.

Happiness is more than just a smile. It's enjoying freedom in a car that takes care of your needs. That's why the Hyundai range on Motability offers comfort, accessibility, fuel efficiency and spacious interiors as standard.

Why choose Hyundai Motability?

Dedicated specialists.

It doesn't get much more exciting than choosing a new car and we're here to help every step of the way. Specially trained experts are on hand at every Motability- accredited Hyundai Retailer, to help you choose the model that is right for your mobility requirements. Plus, every Retailer showroom has wheelchair access and disabled parking bays.

Effortless flexibility.

We know that interior space is important. That's why we cleverly design all our cars – from the smallest to the biggest – to make the most out of their size. Whether you prefer the compact and stylish i20 or the bold and practical TUCSON, there's a Hyundai with the headroom, legroom and storage space you need.

Impressive efficiency.

Charging an electric vehicle is different than filling up with fuel. You can plug in for a short time when you stop, adding range to get you home. And with our IONIQ 5 10% - 80% is possible within 18 - 36 minutes.*

Enhanced comfort.

Sit inside any Hyundai and you'll feel the quality of the materials, with each interior designed to offer optimum comfort and refinement. We've carefully engineered every last detail to make your journeys effortless, from ease of access, to multi-adjustable driving positions for improved road visibility.

*350kW ultra-fast charger required for quickest charge times. Hyundai test data for comparison purposes. Actual time will vary and is dependent on several factors including battery temperature, condition and age, ambient temperature and the power provided by the charger. Charge time increases in cold weather and if battery temperature activates safeguarding technology.

Find out more about Hyundai Motability

Reaching new horizons with electric.

Electric cars have come a long way in a short time and are now opening up new horizons in sustainability. Enjoy thrilling electric acceleration thanks to thepower of instant torque that electric vehicles provide. Maximise passenger space with the flat floor due to no transmission tunnel and benefit from low noise as there are no internal combustion counterparts.

Explore the electric range.

IONIQ 5 features →

Ground-breaking all-electric IONIQ 5.

With the IONIQ 5, future mobility will no longer be something to look forward to, but a reality of everyday life. The ground-breaking all electric IONIQ 5 puts you in charge – without compromise, helping you to decide about your way of life and your impact on the world.

Bold. Unique. Pure. The future of electric mobility is here.

Built upon Hyundai's dedicated Electric-Global Modular Platform means the IONIQ 5 has unique proportions and an elongated wheelbase. A flat floor, mutli-adjustable seating and highly spacious interior redefines the in-car experience, and the battery pack's position ensure ideal weight distribution and a low centre of gravity for optimal handling.

Travel up to 354 miles* (84 kWh variant) between charges and enjoy the benefit of 800V charging capability, meaning you can get back on the road quicker. Every model is very well equipped, with all the latest safety equipment and smart features and environmentally friendly materials are used extensively, including eco-processed leather and recycled yarn.

Standard features across the range

- 800V Charging Technology
- Heated Front Seats and Wheel
- Smart Cruise Control
- Smart Electric Hands Free Tailgate Opening
- Vehicle-to-Load

The IONIQ 5 is available on the Motability scheme from £3,499 Advance Payment.
