## Enhanced comfort.

Sit inside any Hyundai and you'll feel the quality of the materials, with each interior designed to offer optimum comfort and refinement. We've carefully engineered every last detail to make your journeys effortless, from ease of access, to multi-adjustable driving positions for improved road visibility.

\*350kW ultra-fast charger required for quickest charge times. Hyundai test data for comparison purposes. Actual time will vary and is dependent on several factors including battery temperature, condition and age, ambient temperature and the power provided by the charger. Charge time increases in cold weather and if battery temperature activates safeguarding technology.

# Reaching new horizons with electric.

Electric cars have come a long way in a short time and are now opening up new horizons in sustainability. Enjoy thrilling electric acceleration thanks to the power of instant torque that electric vehicles provide. Maximise passenger space with the flat floor due to no transmission tunnel and benefit from low noise as there are no internal combustion counterparts.

Elegant and roomy, the KONA has evolved, growing wider and longer to provide maximised living space. The rear Curveless Bench Seat provides generous leg and shoulder room in the 2nd row and visually expands the refined interior.

Designed to fit everything you and your busy life can throw at it, the KONA offers plenty of room for passengers and cargo. This bold, upscaled SUV now gives you a larger living space for all your adventures. The generous trunk space of 466 litres (VDA) is 30% larger than the previous KONA.
