Augment your carrying capacity.

Even though your IONIQ 6 is already an icon of streamlined automobile design, it can also manage the practicalities of everyday life. Our Genuine tow bars extend the flexibility of your car, especially when it comes to safely and securely carrying your favourite bikes.

Tow bar, detachable

Detachable and above all dependable: You can rely on this corrosion-resistant steel tow bar to transport your cargo securely and efficiently. Featuring a 3-ball locking system, it can be simply detached. Maximum payload for bike carrier usage is 75kg including bike carrier weight. AL281ADE00

Bike carrier for all tow bars

On day cycle trips or biking holidays, this carrier takes all the hassle out of loading and unloading. It carries two bikes with a maximum payload of 60kg. Compact and theft-resistant, you can even open the tailgate with your bikes on the back!

Tow bar wiring kit, 13-pole socket

Installation uses original vehicle connectors and a multifunctional trailer module which amplifies all necessary signals and also communicates with the vehicle. The trailer lamps are controlled from the vehicle and the driver is informed in case of any malfunction, it also features a warning via buzzer when trailer turn indicator or brake lamps malfunction. The park distance warning system and rear fog lamp are automatically switched off when trailer/bike carrier is connected & detected. Compatible with both conventional bulb and LED trailer lights. For activation/deactivation of other vehicle drive assist systems please refer to vehicle owner's manual.

The 13-pole socket based system is prepared to manage all modern caravan functions. To ensure full functionality, +15/+30 is already included in the wiring.

Based on your actual tow bar usage, adapters are available to temporarily change 7-pole socket to 13-pole socket.

Take care of your loved ones.

Make sure you are prepared for the unexpected with practical items on board that can provide protection in unforeseen situations – anytime, anywhere.

Warning triangle

Stay safe when stranded. This high-visibility warning triangle makes sure approaching motorists see you in time. Lightweight, stable and foldable, it is also compliant with the latest ECE-R27 standard, a legal requirement in most European countries. 99942ADE00

Warning light

Make sure your vehicle is seen from far whenever oncoming traffic needs to be warned. The warning light rotates full 360° for improved visibility and increased safety. Magnetic mounting makes attaching it to the roof quick and easy. 99945ADE00

Safety hammer

Don't panic if you need to escape to safety. Let the hammer do the work. Just press it gently to the window. The ultra-hard ceramic head will jump out, smash the pane and immediately retract to be used again. The non-slip handle is equipped with an advanced seat belt cutter. 99946ADE00

Safety vest

Maximum visibility for maximum safety, all day and night. This neon vest with reflective strips lets other motorists see you from a distance if you have to leave your IONIQ 6. It complies with EN 20471, a legal requirement in most European countries. One size fits all. 99941ADE00

Safety bag

Enjoy the added peace of mind of having this safety bag on board. This safety bag contains two safety vests, a warning triangle and a first aid kit that complies with current DIN 13164: 2014, a legal requirement in several European countries. 99940ADE00
