

TUCSON

We have a passion for progress.

The “can-do” spirit is at the heart of Hyundai’s heritage. It’s the attitude of progressing, no matter what. From humble beginnings, this vision has driven us to seek new challenges, encapsulated since our founding in the name ‘Hyundai’ – meaning ‘modern times’.

It’s the persistent curiosity for what lies ahead. Of always chasing the next. What was once a man’s desire for better is today the ethos of an entire company. As our founder said: “How does one know it’s impossible if one hasn’t tried it?”

Progress doesn’t happen by chance. We’re always pushing the borders of the possible, building tomorrow’s technology today, and powering the future with an ever-evolving range of low-emission engines, seamless in-car connectivity and more.

We’ve come a long way. And we won’t stop here.

And a passion for success.

Hyundai’s striking SUV has impressed judges with its design, engines, technology, interior and overall driving experience.

The TUCSON has won ‘Best Hybrid’, ‘Best Family Car’ and the highly coveted ‘Car of the Year’ in Carbuyer’s Best Car Awards 2022.

Richard Ingram, Editor of Carbuyer said: “The new Tucson is quite simply the best new car we’ve driven all year. Lovely to drive, practical and easy to live with, it’s also cheap to run thanks to its hybrid powertrains. It’s the natural winner of Carbuyer’s overall Car of the Year.”

Lighting the way.

Dynamic design combined with advanced technology for the drive of tomorrow, today.

Car shown: TUCSON Hybrid Premium in Dark Teal Metallic. Car shown is not to UK Specification.

Take a moment and let your eyes wander over the TUCSON's bold lines and powerful stance. Sleek, progressive styling builds on the TUCSON legacy in this, the 4th generation model. You'll admire the geometry of the design with commanding LED headlights, parametric features and sculpted bodywork. The same dynamic approach sees the interior, technology and performance optimised to create a captivating driving experience.

Welcome to the TUCSON.

The power of choice.

The TUCSON is available with an extensive range of powertrains. Choose between the electrified 48V Mild Hybrid, Hybrid, Plug-in Hybrid or the latest 1.6 T-GDi standard petrol. Each delivers efficiency and agility.

At the touch of a button, the Plug-in Hybrid delivers up to 38 miles* of pure electric driving, powered by the 13.8kWh lithium-ion battery. If most of your journeys are short, visits to the filling station will be few and far between. When you need to go beyond your electric range, the petrol engine seamlessly takes over. With two power options delivering 265 PS combined, you have the benefit of both electric and petrol. This versatility is further enhanced by Hyundai HTRAC four-wheel drive technology, as standard.

*Estimated, subject to WLTP homologation.

Car shown: TUCSON Plug-in Hybrid Premium in Shimmering Silver Metallic. Car shown is not to UK Specification.

Adventures await.

Car shown: TUCSON Hybrid Premium in Dark Teal Metallic. Car shown is not to UK Specification.

The TUCSON is about adventures together, plans made and plans delivered. A choice of powerful, efficient engines and technology that supports you. Advanced safety systems protect you beyond the bodywork, with sensors and cameras that alert you to danger. A fully connected in-car information system syncs with your smartphone.

The human touch.

Outstanding progressive design doesn't just happen; it's crafted from the drawing board to the road. Since its launch in 2004, the TUCSON has continued to evolve in design and build, to reach this refined fourth generation model.

Car shown: TUCSON Hybrid Ultimate in Dark Teal Metallic. Car shown is not to UK Specification.

Car shown: TUCSON Hybrid Ultimate. Image shown is not to UK Specification.

Shift by wire standard on all Hybrid trims.

Panoramic glass sunroof standard on Ultimate trim.

USB charger connections standard on all trims.

The comfort zone.

Elegance, comfort and style to put you in the right space.

Original design sketches.

With the TUCSON, we've designed the interior so you can adjust it just how you want it. Climate control with Multi Air Mode means you're never too hot or too cold. Ambient mood lighting* sets the tone for comfort and awareness whilst flexible seating gives you an adaptable space. With fine finishing and close attention to detail throughout, the TUCSON delivers the perfect drive.

*Ambient mood lighting not available on SE Connect.

Constant connectivity.

The TUCSON offers connectivity that is second to none. Front and centre, the 10.25" Supervision Cluster and 10.25" touchscreen Audio Visual Navigation units give full control of on board systems at your fingertips. Mobile connectivity allows multiple handsets to be connected via Bluetooth®. Smart Voice Interaction gives you integrated vehicle control, and wireless smartphone charging** means you're cable-free. Our on board KRELL* sound system features eight custom speakers to provide an immersive audio experience. Bluelink® connected car services includes Last Mile Navigation and a new user profile feature. Users can locate their vehicle or view vehicle attributes like fuel level, via the Bluelink® app.

*KRELL premium audio standard on N Line S, Premium and Ultimate trims.

Three Zone climate control standard on Ultimate trim.

**Wireless phone charging pad not available on SE Connect trim.

10.25" touchscreen audio visual navigation standard across all trim levels.

Safety – Our number one priority.

With upgraded Smart Sense safety systems for all-round protection, safety is more than a priority.

Driver Attention Warning (DAW): When a pattern of fatigue or distraction is identified, the system gets your attention with an alert and pop-up message suggesting a break.

Intelligent Speed Limit Assist (ISLA): Information from the front cameras and navigation system identifies road speed limits and displays them in real time in the digital cluster.

Blind-Spot Collision Warning (BCW): Radars detect traffic in the vehicle blind spot, warning drivers with an audible alarm when the indicator is used so you can be aware of the traffic around you even when you can't see it.

Lane Follow Assist (LFA): LFA helps prevent accidental lane departure and keeps your vehicle safely centered within the lane. Using a forward camera to recognise the intended lane, LFA will automatically provide corrective steering input to help maintain the centre path. This not only detects road lines but also the road edge.

Forward Collision Avoidance (FCA): On detecting the risk of a collision ahead with a vehicle, pedestrian or cyclist, the driver is alerted to the danger, and if necessary, brakes are automatically applied to help prevent a frontal collision.

Smart Cruise Control (SCC): Automatically takes road features into account and adjusts your speed to maintain a safe distance from the vehicle in front.

Safety starts outside the vehicle. With a complete safety package*, the TUCSON's Collision Avoidance systems warn of hazards on all sides, including blind spots, to protect you and your passengers. The new Safe Exit Warning (SEW) function alerts occupants if there is oncoming traffic when they attempt to step out of the car.

*Please check TUCSON specifications for more information on the safety features available on each trim.

Car shown: TUCSON Hybrid Premium in Dark Teal Metallic with optional two-tone roof and interior colour pack. Car shown is not to UK specification.

Finesse and flexibility.

Split folding rear 40:20:40 seats standard across all trims.

Remote folding rear seat function. Standard on Ultimate trim.

Car shown: TUCSON Hybrid Ultimate. Image shown is not to UK Specification.

Attention Magnet.

With its signature sports styling, the TUCSON N Line embodies attraction.

The TUCSON N Line combines style and enhanced sportiness. 19" alloy wheels feature distinctive parametric patterns. Black headlamp bezels compliment the dark chrome-effect grille. The body-coloured wheel arch mouldings and twin-tip sports exhaust complete the N Line look. Our designers have continued to set the pace inside. Upholstery that features a striking combination of suede and leather is enhanced by bold red stitching. The stylish N Line-branded steering wheel and alloy pedals further add to the sporting persona.

Car shown: TUCSON N Line in Shadow Grey Solid with optional Phantom Black Pearl two-tone roof. Car shown is not to UK Specification.

Show your true colours.

Choose the right colour for you from our vibrant colour palette.
